With each of its chapters taking a particular material as its point of departure, this volume offers a palette of fresh approaches to materials within the realm of cultural studies. The contributors call for a materials based perspective on culture which has become all the more pertinent in times of climate change, energy crisis, conflict, migration and the lingering coronavirus pandemic. **Index-catalogue of the Library of the Surgeon-General's Office, United States Army** National Library of Medicine (U.S.), 1882. **Nonlinear**
