

OPENING ARGUMENT

of

MR. BENJAMIN CURTIS

The CHIEF JUSTICE. The Managers of the House of Representatives state that the evidence on their part, with the exception first indicated, is closed. Gentlemen of counsel for the President, you will proceed with the defense.

Mr. CURTIS, of counsel for the respondent, rose and said: Mr. Chief Justice, I am here to speak to the Senate of the United States sitting in its judicial capacity as a court of impeachment, presided over by the Chief Justice of the United States, for the trial of the President of the United States. This statement sufficiently characterizes what I have to say. Here party spirit, political schemes, forgone conclusions, outrageous biases can have no fit operation. The Constitution requires that here should be a "trial," and as in that trial the oath which each one of you has taken is to administer "impartial justice according to the Constitution and the laws," the only appeal which I can make in behalf of the President is an appeal to the conscience and the reason of each judge who sits before me. Upon the law and the facts, upon the duties incumbent on that high officer by virtue of his office, and his honest endeavor to discharge those duties, the President rests his defense. And I pray each one of you listen to me with that patience which belongs to a judge for his own sake, which I cannot expect to command by any efforts of mine, while I open to you what that defense is . . .

Now, there is a question involved here which enters deeply, as I have already intimated, into the first eight articles in this series, and materially touches two of the others; and to that question I desire in the first place to invite the attention of the court. That question is, whether Mr. Stanton's case comes under the tenure-of-office act when applied to the facts of his case excludes it, then it will be found by honorable Senators when they come to examine this and the other articles that a mortal wound has been inflicted upon them by that decision . . .

"That the Secretaries of State & c., shall hold their offices respectively for and during the term of the President by whom they have been appointed."

The first inquiry which arises on this language is as to the meaning of the words "for and during the term of the President." Mr. Stanton, as appears by the commission which has been

The Opening Statement of the Prosecution in International Criminal Trials Sofia Stolk, 2021-04-19 This book addresses the discursive importance of the prosecution's opening statement before an international criminal tribunal. Opening statements are considered to be largely irrelevant to the official legal proceedings but are simultaneously deployed to frame important historical events. They are widely cited in international media as well as academic texts yet have been ignored by legal scholars as objects of study in their own right. This book aims to remedy this neglect by analysing the narrative that is articulated in the opening statements of different prosecutors at different tribunals in different times. It takes an interdisciplinary approach and looks at the meaning of the opening narrative beyond its function in the legal process in a strict sense, discussing the ways in which the trial is situated in time and space and how it portrays the main characters. It shows how perpetrators and victims' places and histories are juridified in a narrative that whilst purporting to legitimise the trial, the tribunal and international criminal law itself is beset with tensions and contradictions. Providing an original perspective on the operation of international criminal law, this book will be of considerable interest to those working in this area as well as those with relevant interests in International Transnational Law, more generally Critical Legal Studies, Law and Literature, Socio-Legal Studies, Law and Geography and International Relations.

Sherrod, 2019-02-08 Juries have a bad reputation Often jurors are seen as incompetent biased and unpredictable and jury trials are seen as a waste of time and money In fact so few criminal and civil cases reach a jury today that trial by jury is on the verge of extinction Juries are being replaced by mediators arbitrators and private judges The wise trial of Twelve Angry Men has become a fiction As a result a foundation of American democracy is about to vanish The Jury Crisis What's Wrong with Jury Trials and How We Can Save Them addresses the near collapse of the jury trial in America its causes consequences and cures Drury Sherrod brings his unique perspective as a social psychologist who became a jury consultant to the reader applying psychological research to real world trials and explaining why juries have become dysfunctional While this collapse of the jury can be traced to

multiple causes including poor public education the absence of peers and community standards in a class stratified racially divided society and people s reluctance to serve on a jury the focus of this book is on the conduct of trials themselves from jury selection to evidence presentation to jury deliberations Judges and lawyers believe wrongly that jurors can put aside their biases sit quietly through hours days or weeks of conflicting testimony and not make up their minds until they have heard all the evidence Unfortunately the human brain doesn t work that way A great deal of psychological research on jurors and other decision makers shows that our brains intuitively leap to story telling before we rationally analyze facts or evidence Weaving details into a narrative is how we make sense of the world and it s very hard to suppress this tendency Consequently a majority of jurors actually make up their minds before they have heard much of the evidence Judges arbitrators and mediators have similar biases The Jury Crisis deals with an important social problem namely the near collapse of a thousand year old institution and proposes how to fix the jury system and restore trial by jury to a more prominent place in American society
