hostage crisis in Iran The seventies also gave birth to several social movements and the rights revolution in which women gays and lesbians and people with disabilities all successfully fought for greater legal and social recognition At the same time reaction to these social movements as well as the issue of abortion introduced a new facet into American political life the rise of powerful politically conservative religious organizations and activists Berkowitz also considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as All in the Family and Charlie s Angels offered Americans both a reflection of and an escape from the problems gripping the country
