Stewart, 2021-06-01 William Greaves is one of the most significant and compelling American filmmakers of the past century Best known for his experimental film about its own making *Symbiopsychotaxiplasm Take One* Greaves was an influential independent documentary filmmaker who produced directed shot and edited more than a hundred films on a variety of social issues and on key African American figures ranging from Muhammad Ali to Ralph Bunche to Ida B Wells A multitalented artist his career also included stints as a songwriter a member of the Actors Studio and during the late 1960s a producer and cohost of *Black Journal* the first national television show focused on African American culture and politics This volume

provides the first comprehensive overview of Greaves's remarkable career. It brings together a wide range of material including a mix of incisive essays from critics and scholars, Greaves's own writings, an extensive meta-interview with Greaves, conversations with his wife and collaborator Louise Archambault, Greaves and his son David, and a critical dossier on Symbiopsychotaxiplasm. Together they illuminate Greaves's mission to use filmmaking as a tool for transforming the ways African Americans were perceived by others and the ways they saw themselves. This landmark book is an essential resource on Greaves's work and his influence on independent cinema and African American culture. **The Human Odyssey** Paul S. Kaplan, 1998. In *The Human Odyssey: Life Span Development* Third Edition Paul S. Kaplan embarks the reader on a sweeping journey through life, examining the physical and intellectual changes we undergo from conception through death. Now thoroughly updated with more multicultural material and numerous new features, this book continues to skillfully build on the basic themes of life span development. Kaplan's chronological approach allows the reader to examine the entire human life experience, whereas many life span books are weighted in childhood and adolescence. And by putting experiences into context, such as the family, school, and community, and culture, the author is able to include a level of applied information that consistently maintains student interest. **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1993. This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation, and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12: A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works; Analyze structure and aesthetic features of creative works; Develop a literary-based product; and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities support classroom teachers' instruction and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner. **Research in Education**, 1971. **Science Books & Films**, 1987. **Film and Radio Discussion Guide**, 1955. **World History on the Screen** Wendy S.
