Traditions of Eloquence

Cynthia Gannett, John Brereton, 2016-05-25 This groundbreaking collection explores the important ways Jesuits have employed rhetoric the ancient art of persuasion and the current art of communications from the sixteenth century to the present Much of the history of how Jesuit traditions contributed to the development of rhetorical theory and pedagogy has been lost effaced or dispersed As a result those interested in Jesuit education and higher education in the United States as well as scholars and teachers of rhetoric are often unaware of this living 450 year old tradition Written by highly regarded scholars of rhetoric composition education philosophy and history many based at Jesuit colleges and universities the essays in this volume explore the tradition of Jesuit rhetorical education that is constructing a more usable past and a viable future for eloquentia perfecta the Jesuits chief aim for the liberal arts Intended to foster eloquence across the curriculum and into the world beyond Jesuit rhetoric integrates intellectual rigor broad knowledge civic action and spiritual discernment as the chief goals of the educational experience Consummate scholars and rhetors the early Jesuits employed all the intellectual and language arts as contemplatives in action preaching and undertaking missionary educational and charitable works in the world The study pedagogy and practice of classical grammar and rhetoric adapted to Christian humanism naturally provided a central focus of this powerful educational system as part of the Jesuit commitment to the Ministries of the Word This book traces the development of Jesuit rhetoric in Renaissance Europe follows its expansion to the United States and documents its reemergence on campuses and in scholarly discussions across America in the twenty first century Traditions of Eloquence provides a wellspring of insight into the past present and future of Jesuit rhetorical traditions In a period of ongoing reformulations and applications of Jesuit educational mission and identity this collection of compelling essays helps provide historical context a sense of continuity in current practice and a platform for creating future curricula and pedagogy Moreover it is a valuable resource for anyone interested in understanding a core aspect of the Jesuit educational heritage

From Notes to Narrative Kristen Ghodsee, 2016-05-10 Ethnography centers on the culture of everyday life So it is ironic that most scholars who do research on the intimate experiences of ordinary people write their books in a style that those people cannot understand In recent years the ethnographic method has spread from its original home in cultural anthropology to fields such as sociology marketing media studies law criminology education cultural studies history geography and political science Yet while more and more students and practitioners are learning how to write ethnographies there is little or no training on how to write ethnographies well From Notes to Narrative picks up where methodological training leaves off Kristen Ghodsee an award winning ethnographer addresses common issues that arise in ethnographic writing Ghodsee works through sentence level details such as word choice and structure She also tackles bigger picture elements such as how to incorporate theory and ethnographic details how to effectively deploy dialogue and how to avoid distracting elements such as long block quotations and in text citations She includes excerpts and examples from model ethnographies The book concludes with a bibliography of other useful writing guides and nearly one hundred examples of

eminently readable ethnographic books A Manual for Writers of Research Papers, Theses, and Dissertations, Ninth Edition Kate L. Turabian, 2018-04-27 When Kate L. Turabian first put her famous guidelines to paper she could hardly have imagined the world in which today's students would be conducting research. Yet while the ways in which we research and compose papers may have changed, the fundamentals remain the same: writers need to have a strong research question, construct an evidence-based argument, cite their sources, and structure their work in a logical way. A Manual for Writers of Research Papers, Theses, and Dissertations, also known as Turabian, remains one of the most popular books for writers because of its timeless focus on achieving these goals. This new edition filters decades of expertise into modern standards. While previous editions incorporated digital forms of research and writing, this edition goes even further to build information literacy, recognizing that most students will be doing their work largely or entirely online and on screens. Chapters include updated advice on finding, evaluating, and citing a wide range of digital sources and also recognize the evolving use of software for citation management, graphics, and paper format and submission. The ninth edition is fully aligned with the recently released Chicago Manual of Style 17th edition as well as with the latest edition of The Craft of Research. Teachers and users of the previous editions will recognize the familiar three-part structure. Part 1 covers every step of the research and writing process, including drafting and revising. Part 2 offers a comprehensive guide to Chicago's two methods of source citation: notes/bibliography and author-date. Part 3 gets into matters of editorial style and the correct way to present quotations and visual material. A Manual for Writers also covers an issue familiar to writers of all levels: how to conquer the fear of tackling a major writing project. Through eight decades and millions of copies, A Manual for Writers has helped generations shape their ideas into compelling research papers. This new edition will continue to be the gold standard for college and graduate students in virtually all academic disciplines. Bestselling, trusted, and time-tested advice for writing research papers. The best interpretation of Chicago style for higher education students and researchers. Definitive, clear, and easy to read, with plenty of examples. Shows how to compose a strong research question, construct an evidence-based argument, cite sources, and structure work in a logical way. Essential for anyone interested in learning about research. Everything any student or teacher needs to know concerning paper writing **Learned Writing** Chinua Asuzu, 2019-05-22 As lawyers, we must not in hot pursuit of common law outrun common sense. The dread of that eventuality prompted this book. Learned Writing promotes common sense in legal language: plain language, which is commonsensical, broadens access to legal documents, thus democratizing the law. If democracy is government of the people, by the people, and for the people, law is the language in which government interacts with the people; it is the language of democracy. The people whose government speaks through law must understand what is said. No democratic society should brook legalese, a dense, verbose dialect known only to lawyers. What then should society do to redress the lawyer-induced obscurity? A Shakespearean character had an alarming proposal: The first thing we do let's kill all the lawyers. Apparently, that proposal was not enthusiastically

endorsed which explains why we're still here. A milder remedy enrolling lawyers in language classes has been muted which explains why this book is in your hands. Learned Writing motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries. This book is as sweeping a treatment of its subject as you can find anywhere. Teaching Professional and Technical Communication Tracy Bridgeford, 2018-09-21. Teaching Professional and Technical Communication guides new instructors in teaching professional and technical communication. PTC. The essays in this volume provide theoretical and applied discussions about the teaching of this diverse subject including relevant pedagogical approaches, how to apply practical aspects of PTC theory, and how to design assignments. This practicum features chapters by prominent PTC scholars and teachers on rhetoric, style, ethics, design, usability, genre, and other central concerns of PTC programs. Each chapter includes a scenario or personal narrative of teaching a particular topic, provides a theoretical basis for interpreting the narrative, illustrates the practical aspects of the approach, describes relevant assignments, and presents a list of questions to prompt pedagogical discussions. Teaching Professional and Technical Communication is not a compendium of best practices but instead offers a practical collection of rich, detailed narratives that show inexperienced PTC instructors how to work most effectively in the classroom. Contributors: Pam Estes, Brewer, Eva Brumberger, Dave Clark, Paul Dombrowski, James M. Dubinsky, Peter S. England, David K. Farkas, Brent Henze, Tharon W. Howard, Dan Jones, Karla Saari, Kitalong, Traci Nathans, Kelly, Christine G. Nicometo, Kirk St. Amant. Keys to Great Writing Revised and Expanded Stephen Wilbers, Faith Sullivan, 2016-09-19. Transform your writing. If you're ready to empower your writing but are unsure of where to start, let Keys to Great Writing Revised and Expanded show you the way. Award-winning author and veteran writing coach Stephen Wilbers provides invaluable instruction on every aspect of the craft, from word choice and sentence structure to organization and revision. In this edition, you'll find self-assessments to strengthen your sentences and paragraphs, evaluate your goals, and approach your writing with confidence. Practical and easy to understand, techniques for utilizing economy, precision, action, music, and personality. Helpful tips and techniques for the writing process, including advice on prewriting, drafting, revising, and proofreading. Exercises, checklists, and more to refine your writing skills. For more than a decade, Keys to Great Writing has helped writers of all experience levels infuse their work with clarity, grace, and style. With the revised and expanded edition at your fingertips, you'll have the tools to invigorate your prose and develop a unique and effective voice.

Uncommon Law of Learned Writing 2.0 Chinua Asuzu, 2023-09-10. As lawyers, we must not, in hot pursuit of common law, outrun common sense. The dread of that eventuality prompted this book. Uncommon Law of Learned Writing 2.0 promotes common sense in legal language. Plain language, which is commonsensical, broadens access to legal documents, thus democratizing the law. If democracy is government of the people, by the people, and for the people, law is the language in which government interacts with the people; it's the language of democracy. The people whose government speaks through law must understand what is said. No democratic society should brook legalese, a dense, verbose dialect known only to lawyers.

What then should society do to redress the lawyer induced obscurity A Shakespearean character had an alarming proposal The first thing we do let s kill all the lawyers Apparently that proposal was not enthusiastically endorsed which explains why we re still here A milder remedy enrolling lawyers in language classes has been mooted which explains why this book is in your hands Uncommon Law of Learned Writing 2 0 motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries This book is as sweeping and authoritative a treatment of its subject as you can find anywhere

Writing Theology Well 2nd Edition Lucretia B. Yaghjian,2015-09-24 A working guide for students conducting theological writing and research on theology and biblical studies courses this book integrates the disciplines of writing rhetoric and theology to provide a standard text for the teaching and mentoring of writing across the theological curriculum As a theological rhetoric it also encourages excellence in theological writing in the public domain by helping to equip students for their wider vocations as writers preachers and communicators in a variety of ministerial and professional contexts This 2nd Edition includes new chapters on Writing Theology in a New Language which explores the linguistic and cultural challenges of writing theology well in a non native language and Writing and Learning Theology in an Electronic Age addressed to distance learning students learning to write theology well from online courses and dealing with the technologies necessary to do so

Composition as Conversation Heather M. Hoover,2023-06-27 Teaching writing is not for the faint of heart but it can be a tremendous gift to teachers and students Students often approach writing courses with trepidation because they think of writing as a mystical and opaque process Teachers often approach these same courses with dread because of the enormous workload and the often unpolished skills of new writers This approachable composition textbook for beginning writers contends that writing can be a better experience for everyone when taught as an empathetic and respectful conversation In a time in which discourse is not always civil and language is not always tended carefully a conversation based writing approach emphasizes intention and care Written by a teacher with more than fifteen years of experience in the college writing classroom Composition as Conversation explores what happens when the art of conversation meets the art of writing Heather Hoover shows how seven virtues including curiosity attentiveness relatability open mindedness and generosity inform the writing process and can help students become more effective writers She invites writers of all skill levels to make meaningful contributions with their writing This short accessible and instructive book offers a reflective method for college level writing and will also work well in classical school high school and homeschool contexts It demystifies the writing process and helps students understand why their writing matters It will energize teachers of writing as they encourage their students to become careful readers and observers intentional listeners and empathetic arguers The book also provides helpful sample assignments
