Copyright Office,1976 *Where Rivers Part* Kao Kalia Yang,2025-02-11 In the 1960s when Kalia's mother Chue was born the US was actively recruiting Hmong Laotians to assist with CIA efforts in Laos's Secret War. By the time Chue was a teenager the US had completely vacated Laos and the country erupted into genocidal attacks on the Hmong people who were perceived as traitorous for their involvement. Notably from 1964-1973 Laos became victim to the heaviest bombardment by the United States against communist Pathet Lao, becoming the most heavily bombed country in history. Fearing vengeful soldiers looking to take their lives, Chue and her family quickly fled their village for the jungle, leaving all that they knew behind. Perpetually on the run, the family was often on the brink of starvation and death loomed. During this tumultuous period Chue met her husband Bee and unwittingly left her mother behind forever when she escaped to a refugee camp with his family, a mistake she would regret for the rest of her life. There Chue, Bee, and their daughters lived in a state of constant fear and hunger until they finally made it to America. The determined couple enrolled in high school classes despite being in their late twenties and worked grueling factory jobs to provide for their family, yet most who meet Chue know nothing of her extraordinary resilience and traumatic past. In *Where Rivers Part*, told from her mother's point of view, Kao Kalia Yang unveils her mother's epic struggle towards safety and the important undocumented history of a time and place most US readers know nothing about, offering insight into America's Secret War in Laos with tenderness and unvarnished clarity. In doing so, she excavates the plight of many refugees who suffer silently and are often overlooked as one of the essential foundations of this country. For readers of *The Wild Swans* by Jung Chang, *The Spirit Catches You When You Fall Down* by Anne Fadiman, and those who flock to stories about survival during wartime, *Where Rivers Part* is not only a personal account of resilience and survival but also a powerful and transporting look into Laos's Secret War and the lived experiences of the Hmong people. **Road and Track** ,2005 Railroading and the Automobile Industry Jeff Wilson,2019-01-30 This all new book by Jeff Wilson takes a historical look at both industries and their symbiotic relationship from the 1910s through today. The well researched book features a wealth of information and prototype photos showing how railroads have handled automobile traffic, parts, and finished vehicles, beginning with the steam era. Covered topics include the evolution of the railroad equipment used, including auto parts boxcars, double door boxcars, piggyback auto trailers, two and three deck open auto racks, and enclosed auto racks, how auto production, parts plants, and assembly plants work, how
