Magazine supplement      **The Science Myth** Dominique Chu,2013-05-31 We are in the midst of a culture war between science and religion In this struggle science portrays itself as the white knight of enlightenment truth defending humanity against the dark forces of religious fundamentalism ignorance and gullibility that threaten free thinking and progress But is there really the fundamental difference between science and religion that the culture warriors like us to believe This book takes the reader on an inside journey through science showing how scientific beliefs are made It will show science as a human activity that is shaped by power struggles personal interests cultural prejudices beliefs and values and yes experimental data as well      Backpacker ,2000-03 Backpacker brings the outdoors straight to the reader s doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world s first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker s Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured      *The Symmetrical Family* Michael Young,Peter Willmott,2023-08-11 First published in 1973 The Symmetrical Family combines evidence about the family of the past with information from a sociological survey in the London region and uses both as the basis for a speculative discussion about the future The argument is that a new style of family life has emerged Its basis is not equality between husbands and wives but at least something approaching symmetry increasingly wives work outside the home and husbands inside it The new family is itself under increasing pressure Contrary to the popular view there is yet no sign of a general increase in leisure In some occupations work is dominant and becoming more so at the same time the proportions of people in such jobs though still in the minority are expanding The growing demand of wives for paid work outside the home means that in place of two jobs one for the husband and one for the wife there will often be four with both working inside as well as outside the home How long will people be able to bear the consequent strain In a final chapter the authors discuss what they think will happen unless people decide quite deliberately to reduce the pressure upon themselves and their children This book will be of interest to students of sociology health social care anthropology and public policy      *Junior Graphic* Victoria Odoi,2010-09-22      **Bulletin of the National Association for the Study and Prevention of Tuberculosis** National Association for the Study and Prevention of Tuberculosis (U.S.),1914      **British Books** ,1922      **Publishers' Circular** ,1922      **The Publishers' Circular and Booksellers' Record** ,1922
