American Book Publishing Record ,1973 Film Style and the World War II Combat Genre Stuart Bender, 2014-08-11
Film Style and the World War II Combat Genre is a detailed examination of the stylistic means by which filmmakers depict stories of combat The work furthers contemporary discussions by analyzing a range of World War II combat films to a degree of detail which has previously escaped critical attention This substantial examination of cinematography sound editing and acting in a range of movies including Saving Private Ryan Windtalkers Bataan and Objective Burma demonstrates the importance of close attention to the textual construction of these films specifically as well as cinematic texts more generally The work advances the original analytic descriptions of controlled spontaneity and reported realism as theoretical concepts which explain why viewers regard certain stylistic techniques as realistic This notion of realism is then further understood through reference to a body of research in cognitive psychology to argue that the density of audio visual information in contemporary combat films is a significant factor in creating a sense of realism *The National union catalog, 1968-1972* ,1973 **The National Union Catalogs, 1963-** ,1964 **National Union Catalog** ,1978 Includes entries for maps and atlases *Scientific American* ,1958 *The National Union Catalogs, 1963-* ,1964 **"The" Academy** ,1883 **British Books** ,1903 **The Nation** ,1923 **The Publishers' Circular and Booksellers' Record** ,1924 **British Medical Journal** ,1907 A New English Dictionary on Historical Principles Sir James Augustus Henry Murray, 1905 *The Publishers' Trade List Annual* ,1904 **The Bookseller** ,1899 Chambers's Cyclopaedia of English Literature ,1876
