Article Marketing Secrets Exposed Anthony Ekanem, 2016-06-06 Of all the ways to make money online in my opinion article marketing is the easiest and best way for anybody to make their first dollar The best part is that without spending any more than the cost of a domain name you can create a passive income that can bring you money from an article that you wrote years ago So ask yourself Is spending a few minutes writing a 250 word article worth the time if it brings you money still years later I thought yes would be the answer I m sure you ve heard a ton of different opinions on how you should do article marketing and how you should provide the best information possible write informative articles and give your reader value and so on Well what you re about to read is probably going to go against a lot of what you have read and the article gurus are not going to like it but doing it this way has made me A LOT of money so I don t care if they agree with me or not I m going to do it the way it makes money and a way that continues to bring me money day in and day out If you are willing to put in the time to follow this method you WILL make money and a good amount of it What you need to remember is that there is no super highway to making money on the Internet You MUST stay consistent and motivated even when you get frustrated and feel like things are not going your way It is those who continue to work and promote their business that will in the end be successful So no more pep talks Let s get right into it Rick and Morty and Philosophy Lester C.

Abesamis, Wayne Yuen, 2019-02-05 The adult oriented science fiction cartoon series Rick and Morty shown on Cartoon Network as part of its late night Adult Swim feature is famous for its nihilistic anti hero Rick Sanchez Rick is a character who rejects God religion and meaning but who embraces science and technology This leads to a popular show that often presents a world view favorable to science and dismissive of spirituality It is existentialism mashed up with absurdism with a healthy or unhealthy dose of dick jokes thrown in Rick and Morty and Philosophy focuses on the philosophical underpinnings of the show The authors explain and develop ideas that are mentioned or illustrated in various episodes so that fans can get really solid evidence for what they know already this show is awesome and deep Rick has access to technology that allows him to jump between dimensions or realities He brings his grandson Morty along with him on these adventures often putting Morty in mortal danger However Rick s attitude is that there are an infinite number of Mortys in the multiverse so if his Morty dies he can always replace his Morty with another Morty from a different dimension One question that arises is are these Mortys really identical to each other And if one of them dies can he really be replaced without loss Another character in the show is Jerry the husband of Rick s daughter Jerry is a complete and total loser with no self respect desperate to get any kind of respect from others Why is it so important that he has self respect How does his lack of self respect affect those around him In one adventure Jerry finds himself in a position where he can save one of the greatest civil rights leaders in the universe whose heart is failing Jerry can save his life by donating his penis which is the perfect organ to match the alien s failing heart Does Jerry have a moral obligation to do so Recently ethicists such as Peter Singer and Julian Savulescu have argued that

people have a moral obligation to donate a kidney to people who need one Why wouldn't the same apply to Jerry's penis Is such a donation above and beyond a moral obligation and consequently optional or is it a basic moral obligation and therefore required as noted ethicists like Singer and Savulescu suggest This volume also includes chapters that examine the experience of watching Rick and Morty One writer argues that many of the Rick and Morty episodes induce within viewers a state of Socratic aporia or confusion Viewers are forced to reflect on their own moral beliefs about the world when characters do something that seems good but results in horrendous consequences
