**Grace That Breaks the Chains** Neil T. Anderson,Rich Miller,Paul Travis,2014-10-01 Neil

Anderson author of the bestselling *The Bondage Breaker*™ and his coauthors expose the trauma of legalism to let you see how Christ frees you from your efforts to be good enough for God. Far too many Christians believe that the Christian life is trying hard to do what God commands. But making laws into lords estranges you from Christ. In this liberating book the authors uncover the chains of legalism, shame, guilt, and pride, the keys to liberty, knowing who you are in Christ and resting in the Father's love, the life of freedom, experiencing joyful friendship with God and obeying Him because you love Him. If you're weighed down by rules, you can't possibly keep here's encouragement and an appeal to the church to be free in Christ.

Previously titled *Breaking the Bondage of Legalism*      **Working Mother**, 1987-10 The magazine that helps career moms balance their personal and professional lives      *American Book Publishing Record*, 1999      **The Women Who Invented Twentieth-Century Children's Literature** Elizabeth West, 2022-10-24 Publishing for children between 1930 and 1960 has been denigrated as a relatively fallow period for creativity and quality, certainly in comparison with the golden ages of children's literature that preceded and succeeded it. This book questions this perception by using archival evidence to argue that the work of what was predominantly a female group of editors, illustrators, authors, and librarians collectively referred to as bookwomen resulted in many titles which are still considered as classics today. The bookwomen reframed ideas about how children's publishing should be approached and valued and in doing so laid the foundations for a subsequent generation of children's authors and publishers who were to achieve far greater prominence. The key to the success of the bookwomen was their willingness to experiment, the strength of their relationships, and their comprehensive understanding of the book production process. By focusing on a selection of women working across all aspects of the book production process, this book demonstrates that both individually and collectively women capitalised on their position as other to the existing male institutions.
