stimulating and accessible book is intended for instructors at the junior high school high school and undergraduate levels who present Shakespeare's most familiar tragedies to students who are largely unfamiliar with them Acclaimed teacher of drama Victor L Cahn begins with a general introduction then examines six of Shakespeare's tragedies Romeo and Juliet Julius Caesar Hamlet Othello King Lear and Macbeth With attention always directed towards inspiring student interest and response Professor Cahn provides an overview or spine for each work then proceeds scene by scene focusing on salient characters details of language and major themes The volume not only is entertaining and clear but also raises provocative points of interpretation as well as numerous questions for discussion Underlying the project is the conviction that although the plays are most effective in performance they can nonetheless prove compelling in the classroom where students can appreciate that although these works are set in a distant time and place their issues and implications remain universal

Advanced Placement Classroom Timothy J. Duggan, 2021-09-03 Part of Prufrock's new series for the upper level

classroom Advanced Placement Classroom Hamlet allows teachers to take a fresh approach on one of Shakespeare's most famous plays by moving beyond basic history and memorization of quotes. Students will study cultural variations of the Hamlet story, recreate the tale's events in a news show format, rewrite scenes using modern day perspectives, and create their own blogs to discuss the play's relationship to contemporary life. The author also provides easy-to-use discussions of Shakespeare's life and times and the ways Hamlet can be studied from a critical perspective. Prufrock's new line of innovative teaching guides is designed to engage students with creative learning activities that ensure Advanced Placement success. The Teaching Success Guide for the Advanced Placement Classroom series helps teachers motivate students above and beyond the norm by introducing investigative hands-on activities including debates, role plays, experiments, projects, and more, all based on Advanced Placement and college level standards for learning Grades 7-12.
