This edition by DigiCat Publishing will ensure that both longstanding admirers and new readers will encounter a piece of literature that asks to be revered discussed and above all felt with the sincerity it imparts on every page *Piracy: A Romantic Chronicle of These Days* Michael Arlen, On the northern fringe of Soho there lies a not ill favoured little street about which play many grubby children and barrel organs and on whose pathways not even the most distinguished foreigner can look anything but a mere alien while the veritable alien looks there in the light of day even more undesirable than in the shadows of the night club into which at about midnight your passing attention might be beckoned But you and I in passing up that street in the failing light of evening would be concerned with none of its alien banalities except of course in so far as a hint of such may lie behind the wide and well lit windows of the Hotel and Restaurant Mont Agel at the far end of the street On the left of these spacious windows at the head of a few steps is the door of the restaurant pleasantly inviting your pressure if indeed it is not widely open to show the elegant interior and on the right is the door of the hotel a door of a very different air to the other a sealed and reticent looking door with a tiny navel through which a worldly eye may judge of your business a door in fact with the secret air of having very important business of its own as a door which indeed it has But you and I concerned only with our dinner to which say I have invited you being intimate with the excellence of the place plunge up the steps to the restaurant reading as we go in the small white lettering on the large windows that tell us that therein we may have Lunch Tea and Dinner and more importantly that we can have them toute heure which to our pedantic eye may seem a rather optimistic boast to make in face of the law that even on this 1st of May 1921 requires all hotels caf s inns restaurants and eating houses to be closed somewhere about ten thirty o clock But I shouldn t wonder if the fact that the boast is written in French allows us to take it more as one of those beaux gestes that are so frequent in the language of the race that has most need of them than as a braggart defiance Within the restaurant you will find all quiet orderly and clean In extent it is only a rather spacious room of uncertain shape though there are of course possibilities upstairs but it has not the air of being confined to that one room These four walls it says to you might be placed at vastly different and more elegant angles if it wished but it does not wish The room wears in fact an air of perfect satisfaction with itself and not insolently but wisely not as a young man who thinks he knows everything but as an old man who knows that it is not worth while to know any more It is bounded on the north side as our schoolbooks say by the wide front windows which are pleasantly half curtained with vermilion gauze on the south side where the room tapers to its end by a much smaller window which is always heavily curtained and may or may not look upon the mysteries of the Mont Agel backyard on the west by a wall decorated with mirrors stags antlers and heads of furry beasts and broken by a small door which leads into the hotel the famous cellars and the usual offices and on the east side by a handsome counter which runs along half the length of the wall and across which the young and elegant Madame Stutz with befitting seriousness hands to her husband s waiters those concoctions collations and confections which have won for the Mont Agel Restaurant its reputation for conservative excellence A

Trick of the Dark B.R. Collins,2010-09-06 Zach and his sister Annis have been uprooted by their parents from their comfortable home to a remote and half built barn in France Zach is being removed from his bad influence friends their parents are trying to salvage their marriage and still remain on speaking terms whilst the bitterness of their father s affair bubbles underneath the surface And Annis Annis just keeps going keeping her head down trying to keep it together So far so normal And then Zach uncommunicative and contrary as ever these days defies everything their parents have said and makes his way to the unsafe ruined building at the edge of their new garden and leans up against the wall The wall bulges totters and suddenly collapses on top of him Annis horrified sees him crumpled on the ground Desperate she races towards him not daring to think anything at all She sees him on the ground broken silent not there any more And then unbelievably he moves Zach moves Zach in an extraordinary and instinctive decision has broken his bond with his own soul the essence of himself By doing so he has cheated death By doing so he has also cheated life He is unable to touch any human person again And the essence of himself his other his soul is chasing him determined to rejoin what should rightfully be together Zach is on the run from himself whom he can never escape from death but also from the life that he can never enjoy again Perhaps only a sister can help him now Accidents of Childhood D. Richmond,1861 **Piracy** Dikvan Kouyoumdjian,1925 The Day the Animals Broke Their Code of Silence Caroline Kushner,2007-04-24 The Day the Animals Broke Their Code of Silence was written for children to enjoy and for adults to appreciate It is a tale full of adventure humor and lots of love When children listen to the book they often have many questions about interpersonal relationships and seem to become more aware and sensitive to other people s feelings I have my master s degree in social work and have worked with children I don t believe in talking down to kids and because of that the book was written on a higher reading level than most children are used to The content of the words is easily figured out through the descriptive language Parents will stay interested and kids will increase their vocabulary while their imaginations will come to life Children will vividly be able to depict the scenes in their minds Follow Zachary Dawn and his cat Muffin through the forest where they encounter many adventures including running away from wild beasts and a tornado before finally making their way to safety On their journey they learn many valuable moral lessons I would like to thank my family for all their encouragement and assistance in writing this book My husband Michael was my photographer My sons Gabe Kushner and Warren Kushner gave me my inspiration I would like to thank Gabe Kushner for his original oil painting and for being my star actor Sincerely Caroline Kushner **Dollhouse Masquerade** Samuel E.
