

SMART Goals in Nursing

Specific

Attend infection control training sessions and implement best practices in daily nursing care.

Measurable

Achieve a 90% or higher compliance rate in infection control protocols within the next four months.

Attainable

Utilize personal protective equipment appropriately, participate in infection control audits, and stay updated on infection control guidelines.

Relevant

Contribute to patient safety by preventing healthcare-associated infections.

Timely

Assess infection control compliance monthly, with the goal of achieving a 90% or higher compliance rate within four months.
