Skywalk Guide Interview

Gregory Cooper

Skywalk Guide Interview:

A Walk in the Park Kevin Fedarko, 2024-05-28 A New York Times Bestseller Winner of the 2024 National Outdoor Book Award in Outdoor Literature Winner of the 2025 Andrew Carnegie Medal for Excellence in Nonfiction Named a Best Book of the Year by the New York Times Air Mail Smithsonian Magazine and Financial Times A triumph Fedarko doesn't describe awe he induces it The New York Times Book Review Passionate memorable life affirming The Wall Street Journal From the author of the beloved bestseller The Emerald Mile a rollicking and poignant account of an epic 750 mile odyssey on foot through the heart of America's most magnificent national park and the grandest wilderness on earth Two friends zero preparation one dream A few years after quitting his job to follow an ill advised dream of becoming a guide on the Colorado River Kevin Fedarko was approached by his best friend National Geographic photographer Pete McBride with a vision as bold as it was harebrained Together they would embark on an end to end traverse of the Grand Canyon a journey that McBride promised would be a walk in the park Against his better judgment Fedarko agreed unaware that the small cluster of experts who had completed the crossing billed it as the toughest hike in the world The ensuing ordeal which lasted more than a year revealed a place that was deeper richer and far more complex than anything the two men had imagined and came within a hair's breadth of killing them both They struggled to make their way through a vertical labyrinth of thousand foot cliffs and crumbling ledges where water is measured out by the teaspoon and every step is fraught with peril and where even today there is still no trail along the length of the country's best known and most iconic park Along the way veteran long distance hikers ushered them into secret pockets invisible to the millions of tourists gathered on the rim where only a handful of humans have ever laid eyes Members of the canyon's eleven Native American tribes brought them face to face with layers of history that forced them to reconsider myths at the center of our national parks and exposed them to the threats of commercial tourism Even Fedarko's dying father who had first pointed him toward the canyon more than forty years earlier but had never set foot there himself opened him to a new way of seeing the landscape And always there was the great gorge itself austere and unforgiving but suffused with magic drenched in wonder and redeemed by its own transcendent beauty A singular portrait of a sublime place A Walk in the Park is a deeply moving plea for the preservation of America's greatest natural treasure [Boatman's Quarterly Review](#), 2006 **Buried Truths and the Hyatt Skywalks** Richard A.

Serrano, 2021-09-28 In 1981 the sudden collapse of two skywalks in Kansas City's Hyatt hotel killed 114 people and injured another 200 There never was a public trial nor a full airing of everything that went wrong Richard A Serrano shared a Pulitzer Prize for his coverage of the disaster at the time now he returns to the tragedy to learn all that went wrong how it could have been avoided and what lasting effects persist today for engineering and the legal system but most importantly those who suffered Drawing on legal depositions evidentiary material and recollections from 240 survivors first responders and construction officials Buried Truths and the Hyatt Skywalks is the story of this monumental catastrophe and what it

teaches us today The Friday evening Tea Dance was all the rage that summer of 1981 Each week the lobby filled with throngs of revelers some celebrating atop the skywalks themselves On July 17 without warning the steel support systems buckled and the concrete and glass skywalks crashed onto the crowded lobby The devastation reverberated far beyond the ruins Firefighters police officers and paramedics suffered from deep depression cycled through divorce hit the bottle and in some instances committed suicide The hotel had been built using a new fast track method with key construction decisions often made on the fly including changing the skywalk design from six heavy hanger rods to twelve thinner poles Within a year the skywalks were splintering inside Even then the collapse could have been averted but special inspection panels to check the hanging walkways were never opened Though wholly avoidable the Hyatt disaster did bring significant changes some good and some problematic Tougher industry guidelines were enforced for US construction projects Police officers firefighters and health care workers are now treated for PTSD and other psychological trauma after working a tragic event But the rush to settle all the Hyatt lawsuits helped usher in a controversial new era of nondisclosure agreements Buried Truths and the Hyatt Skywalks explores America's worst structural engineering disaster Though the world has moved on survivors and witnesses still vividly recall that night This is their story The Insider's Guide to Law Firms ,1994

Reference Manual on Scientific Evidence ,2000 *Eating Up Route 66* T. Lindsay Baker,2022-10-13 From its designation in 1926 to the rise of the interstates nearly sixty years later Route 66 was in John Steinbeck's words America's Mother Road carrying countless travelers the 2 400 miles between Chicago and Los Angeles Whoever they were adventurous motorists or Dustbowl migrants troops on military transports or passengers on buses vacationing families or a new breed of tourists these travelers had to eat The story of where they stopped and what they found and of how these roadside offerings changed over time reveals twentieth century America on the move transforming the nation's cuisine culture and landscape along the way Author T Lindsay Baker a glutton for authenticity drove the historic route or at least the 85 percent that remains intact in a four cylinder 1930 Ford station wagon Sparing us the dust and bumps he takes us for a spin along Route 66 stopping to sample the fare at diners supper clubs and roadside stands and to describe how such venues came and went even offering kitchen tested recipes from historic eateries en route Start ups that became such American fast food icons as McDonald's Dairy Queen Steak n Shake and Taco Bell feature alongside mom and pop diners with flocks of chickens out back and sit down restaurants with heirloom menus Food and drink establishments from speakeasies to drive ins share the right of way with other attractions accommodations and challenges from the Whoopee Auto Coaster in Lyons Illinois to the piles of chat mining waste in the Tri State District of Missouri Kansas and Oklahoma to the perils of driving old automobiles over the Jericho Gap in the Texas Panhandle or Sitgreaves Pass in western Arizona Describing options for the wealthy and the not so well heeled from hotel dining rooms to ice cream stands Baker also notes the particular travails African Americans faced at every turn traveling Route 66 across the decades of segregation legal and illegal So grab your hat and your wallet you'll

probably need cash and come along for an enlightening trip down America's memory lane a westward tour through the nation's heartland and history with all the trimmings via Route 66

Children's Magazine Guide, 2007 Lost at the Con Bryan Young, 2011-05-18 Lost at the Con tells the tale of a drunken political journalist and his dangerous assignment to a science fiction and fantasy convention Though he'd rather be at home drinking his liver to death his spiteful editor delivers an ultimatum take the assignment or lose the steady paycheck Since Cobb can't afford to turn down the job he heads to Atlanta and dives head first into the realm of Griffin Con renowned the world over as the Mardis Gras of geek conventions There he finds all of the science fiction fantasy and cosplay he would expect but he also finds something more sinister a seedy underbelly of geeky debauchery slash fiction booze sex and drugs Can he make it through this assignment without snapping and winding up on the front page himself Or will the entire experience change him in ways he never imagined possible It's been called A masterful blend of fictional Gonzo journalism and geek culture that is sure to please audiences inside and outside the geek community
