public behaviour comes precariously close to what in the West might amount to corrupt practices Bureaucratic corruption should be understood in the light of a clash of morality on the one hand and legality on the other There is a contradiction between traditional values which are held in respect and are a part of everyday life of a people and norms of the larger society which stand out as compelling forces The idea of the modern division between the public and private office is alien to a traditional culture and corruption finds space when this division is not strictly observed Seven essays in this volume cover a range of countries which include India South Africa Nigeria Zimbabwe and Indonesia As the essays unfold themselves the problem of corruption takes on an added dimension that of a legacy left behind by colonialism Please note This title is co published with Social Science Press New Delhi Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
