storytelling the reader rides alongside the author in the cockpit feeling the fear of enemy anti-aircraft fire and the pressure of high g forces during combat maneuvering His insider accounts of four Space Shuttle missions vividly describe exhilarating launches the magical experience of weightlessness and the magnificent beauty of Earth from hundreds of miles above A central theme running throughout Casper's life is his faith as he struggles with the loss of fellow pilots and confronts life's inconsistencies and disappointments This is a story about his growth and trust in his Creator whose tenacious spirit never left him even during the devastating Challenger and Columbia disasters Readers interested in stories of true adventure or overcoming adversity will discover unique drama and insight Those trying to reach their dreams whatever they are will find inspiration those unsure or challenged in their faith will find encouragement *Story of a Communist* Antonio

Negri, 2024-11-01 The philosopher Antonio Negri was one of the preeminent thinkers of our time his writings on class socialism and empire have had an enormous influence on contemporary political theory His political activism and outspoken advocacy for the downtrodden also placed him at the centre of some of the most dramatic developments in recent Italian history *Story of a Communist* the first volume of Negri's three-part autobiography gives a fascinating account of his intellectual development and of the price he paid for living out his ideals Negri paints a vivid portrait of the ferment in which some of his most important arguments and ideas took shape and he provides crucial context for an understanding of the operaismo movement and of the influence that it continues to exert *Story of a Communist* is also a very personal work however it is a compelling and often moving narrative of a childhood overshadowed by Fascism and of the ways in which Negri's later political interventions were shaped by his profoundly important relationships with comrades and collaborators This first volume traces the author's involvement with Left-wing politics in the post-war period describing in fascinating detail his efforts to marry together his early intellectual work with his commitment to militant labour activism It also provides an indispensable ground-level perspective on the increasingly repressive measures taken by the Italian government in response to the social movements 1960s and 70s with the narrative culminating in a riveting account of Negri's own arrest in 1979 for alleged involvement in terrorist activities This is in short a powerful record of an extraordinary life and of the historical forces that shaped it **With Stars in Their Eyes** James B.
