of exceptional projects from 16 international designers *Contemporary American Jewelry Design* Ettagale Blauer, 2013-06-29 The Phenomenon of Studio Goldsmithing When the history of art in the 1980s is written much of it will be etched in gold This is the time of the contemporary goldsmith an artist who chooses to work in precious metals rather than oils or marble The contemporary jeweler as artist has only recently become a recognized force With rare exceptions the whole field is little more than thirty years old But it is only within the past fifteen years that these jewelers have entered the jewelry mainstream The phenomenon of contemporary goldsmithing embraces an eclectic group of artists each with a unique vision each taking a personal path to jewelry producing They have as little relationship to the typical mass produced jewelry as a champagne maker has to a bottler of orange soda They approach a piece of art not a piece of metal The work is personal and a perfect expression of the back to the land movement that spawned it Many of these goldsmiths were looking not merely for a way to make a living but for a way to make a life that was worthy of living Running a business while trying to remain a creative metalsmith at the same time is the ongoing challenge The jeweler artists have solved or resolved these often conflicting needs in slightly different ways and in a beautiful variety of techniques and styles Their methods their growth and their work are discussed here Weaving with Wire Christine K. Miller, 2023-06-28 Learn a new weaving technique using a wire warp and fiber weft on a multiharness loom Use the strong flexible malleable fabric to craft jewelry baskets sculpture wall art and more Includes woven wire creations from author and other weavers with information to recreate them or use as inspiration **Knitting Art** Karen Searle, 2008-10-10 As some knitters craft mittens and sweaters others find themselves taking flight into the realm of art Some become true fiber artists creating exhibition quality quilts and sweaters and shawls yarn mobiles and sculptures and gigantic abstract installations An exploration of art knitting this book profiles eighteen of the most prominent and intriguing practitioners of this craft turned art Karen Searle herself a recognized fiber artist examines the works and inspirations of each of these knit artists Numerous photographs illustrate each profile documenting these artists work and at the same time offering inspiration to those who might transcend the purely practical aspect of knitting Among the artists encountered here are such nationally known knitters as movement founder Katharine Cobey Carolyn Halliday Debbie New Lisa Anne Auerbach Lindsay Obermayer Kathryn Alexander and others Mixed Media Jewellery Joanne Haywood, 2009-05-15 A highly illustrated how to do it book incorporating a thorough introduction to a range of materials and techniques as well as a section on designing your own pieces The focus is on experimenting and combining exciting materials to create unique and individual work Weaving Ann Richards, 2021-09-27 Weaving Structure and Substance looks at weave design from several different perspectives showing how resources ideas and practical experience can come together in a creative process of designing through making Emphasizing the potential of woven textiles throughout Ann Richards follows the success of her sister title Weaving Textiles that Shape Themselves and explores the tactile properties that emerge from the interaction of material and structure The book is organized into four parts that look at the
