with a nihilistic act The main character a young man feels life s limits are killing him drives to a remote area walks 100 yards and leaps into a dark and mysterious chasm known locally as the Void Friends and family are stunned What he meets in the Void is his own larger spiritual history a cohort of souls he incarnated with a string of past lives he visits and he s changed profoundly and permanently Because of his story others jump What are they jumping to Duncan Robert is the first to jump No one saw him do it but some claim they felt something at the moment he jumped a sort of missed beat or skip in the order of things The Void waits in the woods just outside of town and has for as long as anyone can remember though no one knows

why In the tradition of The Celestine Prophecy and Mutant Message Down Under this teaching fable explores the necessity of taking risks life beyond the limits and time and space and humanity s place in the universe In a way Jumping is similar to spiritually directed fantasy or channeled work I ve never written anything like it and typically don t read anything like it so I m short on language to describe it It s metaphysical and fiction which removes it from the category of straight channeling or metaphysical self help books Jane Peranteau **Where Were You Before The Tree of Life?
