U S Navy Diving Manual The US Navy first provided a diving manual for training and operational guidance in 1905 and the first book titled Diving Manual was published in 1916. Since then the U S Navy Diving Manual evolved over the decades to be regarded as an essential and ultimate resource for modern recreational commercial and military divers. There have been several published versions each one updating the content of the previous version. Revision 7 Change A is the latest version released in April 2018 and includes major updates and changes. This extensive technical manual is over 1000 pages and spread over 5 Volumes with 18 Chapters. This is essential reading for anyone serious about diving.
