Bridging the Literacy Achievement Gap, Grades 4-12 Dorothy S. Strickland, Donna E. Alvermann, 2004-05-26 This book addresses critical issues related to pre adolescent and adolescent literacy learners with a focus on closing the achievement gap Despite efforts by educators and policymakers during the past several decades certain groups of students primarily African American students English language learners and students from low income homes continue to underperform on commonly used measures of academic achievement Too often teachers and administrators lack both proper preparation and good ideas to confront these issues

Getting to the Common Core Sharon L. Spencer, Sandra Vavra, 2015-01-01 The Common Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other

teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Value s of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research

standards discussion of how to integrate Web 2.0 tools into the classroom curriculum and the dozens of online websites to support classroom subjects Teaching Science with Hispanic ELLs in K-16 Classrooms Dennis W. Sunal, Cynthia S. Sunal, Emmett L. Wright, 2010-04-01 The goal of this fourth volume of RISE was to provide a research foundation that demonstrates an agenda to strengthen the preparation and enhancement of teachers of science for regions and states experiencing extensive initial growth of Hispanic ELLs in schools. The goal was carried out through a series of events that led to the planning and subsequent dissemination of research being conducted by various stakeholders throughout the United States. Researchers were first invited from regions of the country that have had a long history of with Hispanic ELLs in classrooms as well as those regions where initial and now extensive growth has occurred only in the past few years. A national conference Science Teacher Education for Hispanic English Language Learners in the Southeast SHELLS funded through the National Science Foundation was used as one of the dissemination methods to establish and secure commitments from researchers to conduct and report research to strengthen teacher preparation for science. The national call for manuscripts requested the inclusion of major priorities and critical research areas, methodological concerns and concerns and results of implementation of teacher preparation and development programs Principal's Notes, 1920

Literacy in Grades 4-8 Nancy L. Cecil, Joan P. Gipe, Merrill E. Marcy, 2017-07-05 Comprehensive yet succinct and readable Literacy in Grades 4-8 Third Edition offers a wealth of practical ideas to help preservice and practicing teachers create a balanced and comprehensive literacy program while exploring the core topics and issues of literacy in grades 4 through 8. It addresses teaching to standards, differentiating instruction for readers and writers, motivating students using assessment to inform instruction, integrating technology into the classroom, working with English learners and struggling readers, and connecting with caregivers. Selected classroom strategies, procedures, and activities represent the most effective practices according to research and the many outstanding classroom teachers who were observed and interviewed for the book. The Third Edition includes added material connecting the Common Core State Standards to the instruction and assessment of literacy skills, a combined word study and vocabulary chapter to help readers integrate these important topics in their teaching, more on technology including comprehension of multimodal texts, enhancing writing instruction with technology tools, and teaching activities with an added technology component. Added discussion of teacher techniques during text discussions, strategic moves that help students become more strategic readers, key features in the classroom vignettes, more than 50 activities, some with a technology component, questions for journal writing and for projects, and field-based activities, troubleshooting sections offering alternative suggestions, and activities for those middle-grade students who may find a particular literacy focus challenging.
