Basements and Attics, Closets and Cyberspace Linda M Morra, Jessica Schagerl, 2013-01-24 Women's letters and memoirs were until recently considered to have little historical significance. Many of these materials have disappeared or remain unarchived, often dismissed as ephemera and relegated to basements, attics, closets, and increasingly cyberspace rather than public institutions. This collection showcases the range of critical debates that animate thinking about women's archives in Canada. The essays in *Basements and Attics, Closets and Cyberspace* consider a series of central questions: What are the challenges that affect archival work about women in Canada today? What are some of the ethical dilemmas that arise over the course of archival research? How do researchers read and make sense of the materials available to them? How does one approach the shifting, unstable forms of new technologies? What principles inform the decisions not only to research the lives of women but to create archival deposits? The contributors focus on how a supplementary research process might allow for greater engagement with unique archival forms and critical absences in narratives of past and present. From questions of acquisition, deposition, and preservation to challenges related to the interpretation of material, the contributors track at various stages how fonds are created or sidestepped in response to national and other imperatives and to feminist commitments: how archival material is organized, restricted, accessed, and interpreted; how alternative and immediate archives might be conceived and approached; and how exchanges might be read when there are peculiar lacunae, missing or fragmented documents, or gaps in communication that then require imaginative leaps on the part of the researcher.

Vaincre le désordre numérique Lionel Bolnet, 2018-12-16 Ce que ce livre vous propose, c'est d'entamer un voyage sentimental au cœur de vos fichiers, de les considérer non comme des amas binaires mais plutôt comme votre biographie numérique. Enlevez de vos tiroirs que les fichiers sont des outils administratifs et voyez les désormais comme des témoignages poignants de la vie trépidante que vous, vos enfants, vos proches ont vécu. Instillez du bonheur dans votre quotidien grâce à la musique que vous aimez, ne boudez pas votre plaisir devant votre film préféré, revivez la motion d'un mariage. Vous voyez, si vous saviez exploiter vos fichiers, vous ne diriez pas je ne m'en souviens pas, vous ne diriez pas j'ai vu cela un jour, mais oui. Quel que soit le genre que vous avez, il est certain que vous avez amassé une belle collection de souvenirs numériques qui n'attendent que d'être rangés pour exploser sous vos yeux.

The Advocate, 2001-08-14 The Advocate is a lesbian, gay, bisexual, transgender, LGBT monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Backpacker, 2007-09 Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature, and product innovation, has become the gold standard against which all other outdoor industry awards are measured.

Backpacker, 2000-03

Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured **Popular Science** ,2007-08 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
