Our formula of success has led to the growth of WD Red into the highest capacities possible. Available up to 6 TB, WD offers an even broader, more comprehensive portfolio of NAS solutions for our customers with WD Red and WD Red Pro spanning a total of 1 to 16 bays.

NASware™ grows to 3.0

Built off of our determination to deliver the best NAS experience, NASware 3.0 extends our promise by further optimizing WD Red for the NAS environment with added support for 6 to 8 NAS bays. WD Red now supports small NAS systems from 1 to 8 bays thanks to NASware 3.0, which further improves drive compatibility and reliability. At 48 TB of total capacity in an 8-bay system, WD Red expands your NAS dependence.

The right choice

WD Red is designed specifically for home and small office NAS systems and PCs with RAID.

WD Red is a reflection of the most extensive NAS partner compatibility testing list that is available on the market. That means when you buy a NAS enclosure, you can trust that WD Red will be the most compatible drive available. Our pride is in our product and our vision is shared with our customers.

* See www.wd.com/compatibility for details.

Professional solutions

Designed specifically with SMB customers in mind, the WD Red family has expanded with the addition of WD Red Pro, which is available for the 8 to 16-bay medium to large-scale NAS environments. With capacities from 2 to 4 TB, WD Red Pro carries a 5-year limited warranty and was engineered to handle the increased workloads from your business.

3D Active Balance™ Plus

Our enhanced dual-plane balance control technology significantly improves the overall drive performance and reliability. Hard drives that are not properly balanced may cause increased vibration and noise in a multi-drive system, reduce the hard drive life span, and degrade the performance over time. (3DPRX models only)

Enhance reliability

Since your NAS system is always on, a highly reliable drive is essential. With a 12% MTBF improvement over standard drives, the WD Red drive with NASware 3.0 is designed for the 24x7 environment.

Lower operating temperatures

Innovative technology reduces power consumption and lowers the operating temperatures, resulting in a more reliable and affordable solution for always-on NAS environments.

Longer warranty coverage

The WD Red drive is backed by a 5-year limited warranty for great peace of mind.

Need help? We offer premium support

Every WD Red hard drive comes with our world-class professional support services including a premium dedicated 24x7 support line (available in English, other regional support hours vary).

* Local sales and support may vary. See www.wd.com/support for details.

Applications

WD Red NAS hard drives are recommended for use in home and small office 1-8 bay NAS systems. For systems that use more than 8 bays, please consider WD Red Pro hard drives.*

* WD hard drives are designed and tested for use in specific applications and environments. To ensure that your hard drive is compatible with an enclosure properly in your application, our hard drives are marked against details in enclosures and environments in the system for which they were designed. Use in systems other than for what the hard drive was designed could result in compatibility problems and/or product failure. For best results, be sure to select the appropriate product for your application by consulting our product specifications on our website at www.wd.com or by calling our customer support line where we would be happy to help you through this selection process.
