### I. Introduction

[Your Company Name], prioritizes stringent data security and patient confidentiality. This HIPAA Incident Report details an unauthorized access attempt to our electronic health records (EHR) database on May 15, 2051. Through transparent documentation and adherence to response protocols, we strive to maintain accountability, protect patient trust, and ensure compliance with HIPAA standards.

### II. Incident Details

- Incident Date: May 15, 2051
- Location of Incident: [Your Company Address]

- **Description of Incident**

On May 15, 2051, at approximately 10:35 AM, our automated security monitoring system detected unauthorized access attempts within our electronic health records (EHR) database. Further investigation revealed that the breach stemmed from the credentials of a former employee, Jake Robertson, who had retained access privileges beyond his termination date. Mr. Robertson attempted to access patient records from a remote location using his previous login credentials. Fortunately, our robust security protocols immediately flagged this activity, prompting an immediate response from our IT security team.

### III. Persons Involved
