*New Leaders, New Dawns?* Chris Brown,David Moore,Blair Rutherford,2022-06-17 In late 2017 and early 2018 South Africa and Zimbabwe both experienced rapid and unexpected political transitions In Zimbabwe Robert Mugabe the only leader the country had ever known was replaced in a soft coup by his erstwhile vice president Emmerson Mnangagwa Over a twelve day period in February 2018 South African president Jacob Zuma was prematurely forced from office by his former deputy president Cyril Ramaphosa The widespread popular rejoicing that accompanied their arrival compounded the shock of these sudden transitions *New Leaders New Dawns* explores these political transitions and the way they were received Contributors consider how the former liberation heroes Mugabe and Zuma could have fallen so low the underlying reasons for their ouster what happened to their liberation movements turned ruling parties and perhaps most importantly what the rise to power of Ramaphosa and Mnangagwa foreshadowed Bringing together fourteen leading international scholars of southern Africa and adopting a political economy framework this volume argues that the changes in leadership are welcome but insufficient While the time had come for Zuma and Mugabe to go there is little in the personal histories or early policy actions of Ramaphosa and Mnangagwa that suggests they will be capable of addressing the profound social economic and political problems both countries face *New Leaders New Dawns* reveals that despite what these new leaders may have promised a new dawn has not yet arrived in southern Africa

**The Right to Education in India** Florian Matthey-Prakash, 2019-08-22 What does it mean for education to be a fundamental right and how may children benefit from it Surprisingly even when the right to education was added to the Indian Constitution as Article 21A this question barely received any attention The book identifies justiciability or more broadly enforceability as the most important feature of Article 21A meaning that children and their parents must be provided with means to effectively claim their right from the State otherwise it would remain a right only on paper The book highlights how lack of access to the Indian judiciary means that the constitutional promise of justiciability remains unfulfilled It deals with the possible alternative means the State may provide for the poor to claim the benefits under Article 21A and identifies the grievance redress mechanism created by the Right of Children to Free and Compulsory Education Act 2009 as a potential system of enforcement Even though this system is found to be deficient the book concludes with an optimistic outlook hoping that rights advocates may in the future focus on improving such mechanisms for legal empowerment
