Doob,2015-08-27 Social Inequality examining our present while understanding our past Social Inequality and Social Stratification in US Society 1st edition uses a historical and conceptual framework to explain social stratification and social inequality The historical scope gives context to each issue discussed and allows the reader to understand how each topic has evolved over the course of American history The authors use qualitative data to help explain socioeconomic issues and connect related topics Each chapter examines major concepts so readers can see how an individual's success in stratified settings often relies heavily on their access to valued resources types of capital which involve finances schooling social networking and cultural competence Analyzing the impact of capital types throughout the text helps map out the prospects for individuals families and also classes to maintain or alter their position in social stratification systems Learning Goals Upon completing this book readers will be able to Analyze the four major American classes as well as how race and gender are linked to inequalities in the United States Understand attempts to reduce social inequality Identify major historical events that have influenced current trends Understand how qualitative sources help reveal the inner workings that accompany people's struggles with the socioeconomic order Recognize the impact of social stratification systems on individuals and families **Guide to College Writing Assessment** Peggy O'Neill,Cindy Moore,Brian Huot,2009-04-15 While most English professionals feel comfortable with language and literacy theories assessment theories seem more alien English professionals often don't have a clear understanding of the key concepts in educational measurement such as validity and reliability nor do they understand the statistical formulas associated with psychometrics But understanding assessment theory and applying it by those who are not psychometricians is critical in developing useful ethical assessments in college writing programs and in interpreting and using assessment results A Guide to College Writing Assessment is designed as an introduction and source book for WPAs department chairs teachers and administrators Always cognizant of the critical components of particular teaching contexts O'Neill Moore and Huot have written sophisticated but accessible chapters on the history theory application and background of writing assessment and they offer a dozen appendices of practical samples and models for a range of common assessment needs Because there are numerous resources available to assist faculty in assessing the writing of individual students in particular classrooms A Guide to College Writing Assessment focuses on approaches to the kinds of assessment that typically happen outside of individual classrooms placement evaluation exit examination programmatic assessment and faculty evaluation

Most of all the argument of this book is that creating the conditions for meaningful college writing assessment hinges not only on understanding the history and theories informing assessment practice but also on composition programs availing themselves of the full range of available assessment practices

[The Economic and Opportunity Gap](#) Anni K. Reinking, Theresa M. Bouley, 2021-04-01 The Economic and Opportunity Gap has a great deal of information ideas and resources focused on children and families living in poverty Specifically how teachers and other professionals working with students can reflect improve and implement inclusive practices The information in this book is based in research such as the foundational starting piece that nearly one fourth of our children in the United States are living in poverty a whopping 21% This number one that is doubled in some communities and does not consider children in families near the poverty line is striking when compared to other similarly situated countries Understanding that many students and families are on the trajectory of poverty will come to light as readers make their way through from statistics to research to definitions to action items

Teaching Life Writing Texts Miriam Fuchs, Craig Howes, 2008 The past thirty years have witnessed a rapid growth in the number and variety of courses and programs that study life writing from literary philosophical psychological and cultural perspectives The field has evolved from the traditional approach that biographies and autobiographies were always about prominent people historically

significant persons the nobility celebrities writers to the conception of life writing as a genre of interrogation and revelation The texts now studied include memoirs testimonios diaries oral histories genealogies and group biographies and extend to resources in the visual and plastic arts in films and videos and on the Internet Today the tensions between canonical and emergent life writing texts between the famous and the formerly unrepresented are making the study of biography and autobiography a far more nuanced and multifarious activity This volume in the MLA series Options for Teaching builds on and complements earlier work on pedagogical issues in life writing studies Over forty contributors from a broad range of educational institutions describe courses for every level of postsecondary instruction Some writers draw heavily on literary and cultural theory others share their assignments and weekly syllabi Many essays grapple with texts that represent disability illness abuse and depression ethnic sexual and racial discrimination crises and catastrophes witnessing and testimonials human rights violations and genocide The classes described are taught in humanities cultural studies social science and language departments and are located in among other countries the United States Great Britain Canada Australia Germany Eritrea and South Africa
