analyses India's governance challenges especially in delivering essential public services and highlights how these are limiting India's development. Drawing on a wealth of research and practical insights, it provides actionable evidence-based strategies emphasizing state-level reforms as critical for India's advancement. *Accelerating India's Development* is addressed to all Indians, leaders, officials, entrepreneurs, teachers, students, citizens, and civil society, and provides an urgent call to action. It argues that building an effective state is the great unfinished task of Indian democracy because quality public services are key to translating the political equality of One Person One Vote into greater equality of opportunity for all Indians. Every chapter showcases the author's dedication to bridging the gap between scholarly research, public understanding, and actionable governance.
