

Formatting Multiple Answer Questions

Multiple answer questions can be composed in a word processing program (i.e. Microsoft Word) and imported into Blackboard via Respondus. The steps below outline how to properly format the word document that will eventually be imported into Respondus. It is imperative that the document be formatted exactly as described below.

NOTE: Before continuing, turn off Auto Numbering, as this may interfere with the Respondus import process.

1. The first line of formatting must begin with **Type: MA**. This is followed by a title (optional) and the question number, a period, a space, and the question text.

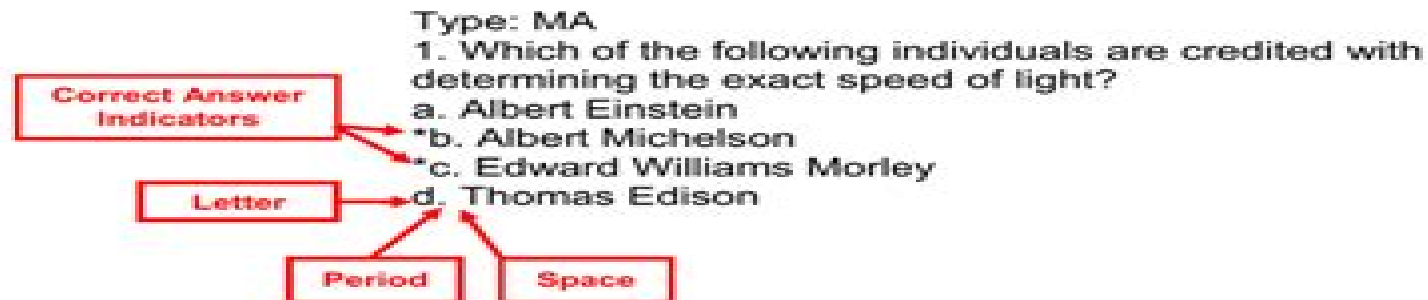

EXAMPLE (enlarged to show detail):

NOTE: Ensure that the question is not formatted using the Auto Numbering feature. This may interfere with the test import process.

2. Begin answer choices on a new line with a letter (a-i) followed by a period (.) and a space.
3. Indicate the correct answers by entering an asterisk (*) before each correct choice. Do not include any spaces before or after the asterisk.

RÍO,2011-03-24 La publicaci n de este volumen representa un caso relativamente ins lito Un peque o grupo de j venes investigadores de menos de treinta a os convence a un grupo mucho m s numeroso de la misma edad para celebrar en Salamanca la First Conference of Young Researchers on Anglophone Studies El resultado es deslumbrante No solo demuestran una gran capacidad organizativa sino que los resultados individuales de las aportaciones cient ficas son sobresalientes Este volumen *Current Trends in Anglophone Studies* recoge una selecci n revisada de las propuestas

presentadas en el Encuentro y gira en torno a una estructuraci3n tripartita cl3sica estudios culturales ling3sticos y literarios En ella caben todos aquellos que se mueven en el campo de los estudios angl3fonos Cada uno de estos campos podr3a haber sido suficiente para celebrar un congreso pero parece razonable que en este tipo de encuentros tengan cabida todos De ese modo este volumen se convierte en un ejemplo de aproximaci3n interdisciplinar a los estudios angl3fonos Desde un punto de vista cuantitativo los estudios culturales ocupan sin duda un espacio menor Sin embargo sobresale la variedad de temas tratados as como la internacionalizaci3n de los autores dentro de este apartado Estudiantes espa3oles e italianos acometen estudios relacionados con la m3sica la pintura el cine la traducci3n la marginalidad social o el impacto de las nuevas tecnolog3as en la producci3n art3stica Si no pareciera demasiado atrevido podr3a decirse que estos j3venes estudiosos ir3an m3s all3 de lo que un d3a ya lejano pudieron imaginar Richard Hoggard o Raymond Williams Los estudios aqu3 presentados reflejan sin duda la evoluci3n que la propia sociedad ha experimentado en estos l3timos cincuenta a3os y exploran la relaci3n entre las pr3cticas culturales la vida diaria y los contextos econ3micos pol3ticos e hist3ricos No es de extra3ar que una gran parte de las contribuciones presentadas en este volumen se centren en el estudio de la lengua ya que la demanda del ingl3s se ha incrementado de forma considerable en los l3timos a3os Sobresalen los an3lisis puramente filol3gicos y sobre todo los relacionados con el aprendizaje del ingl3s como segunda lengua Por eso destacan estudios que contemplan rasgos morfol3gicos l3xicos o sint3cticos Sin embargo el mayor n3mero de participaciones hace referencia al ya citado aprendizaje del ingl3s como L2 tanto desde el an3lisis de materiales como desde la pr3ctica oral o escrita Las contribuciones literarias ofrecen una evaluaci3n te3rica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinares como interculturales Cronol3gicamente los estudios abarcan textos desde el siglo XVIII hasta nuestros d3as con un acento especial en los autores m3s contempor3neos y en el g3nero narrativo En general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociol3gicas o psicol3gicas Pero abundan menos las aproximaciones desde la teor3a literaria desde la t3cnica narrativa o como tal vez cabr3a esperar al tratarse de estudiantes tan j3venes desde la aplicaci3n de las nuevas tecnolog3as Por el contrario se repiten temas como los traumas heredados de la Guerra de Vietnam las cicatrices del 11 de septiembre o los problemas de g3nero En definitiva se trata de una selecci3n de art3culos claramente prometedora que transmite la seguridad de que el futuro de la Filolog3a Inglesa est3 en buenas manos y podr3 experimentar una positiva evoluci3n en los pr3ximos a3os Por todo ello hay que felicitar a todos los participantes individuales y sobre todo a los organizadores del evento y editores de este volumen que han demostrado una enorme capacidad de trabajo y de saber hacer

U.S. Army COUNTERINTELLIGENCE SPECIAL AGENT COURSE - SUB-CONTROL OFFICE HANDBOOK, INTRODUCTION a The value of all counterintelligence CI investigations is linked directly to the quality of reports such investigations yield The finest investigative work loses its value if the CI Special Agent does not report the results accurately clearly and concisely It is therefore paramount that all CI Special Agents devote a great deal of effort to ensure they become expert report writers b CI investigative reports transmit information to a regional control office to provide a record of investigative activities and help decision makers reach informed decisions about the direction an investigation should take Failure to produce high quality reports could jeopardize national security interests and may result in the loss of American lives A misguided investigation resulting from poor CI report writing can lead to the loss or destruction of US facilities the successful carrying out of a terrorist act or the loss or compromise of classified material giving an opposing military force a decisive advantage over US Forces on the battlefield c The standardization of CI investigative report formats is designed to ensure the logical presentation of specific information regardless of where or by whom the report is prepared CI reports must present all available information to answer any and all reasonable questions

reviewing authorities may need answered d Quality CI reports rely heavily upon the CI Special Agent s attention to detail Readers of CI reports must understand fully and exactly what the CI Special Agent is reporting The report becomes the sole source of information on that particular investigative activity Reports must be 1 Accurate Accuracy is the most important characteristic of any report Accuracy means precise exact reporting and careful descriptions The report must accurately reflect the facts furnished by the interviewee If a Source expresses an opinion or belief which is not a known fact you must report it as such Reports must state exactly what the source saw heard said and did 2 Pertinent Pertinent information relates directly to the investigation It can be any information that leads to a better understanding of the facts and the persons involved 3 Clear The report must be logically organized and understandable CI Special Agents must write sentences clearly to avoid any possible misinterpretation of the facts You must emphasize ideas in a direct uncomplicated style using standard grammatically correct English and simple wording 4 Unbiased An unbiased report includes all pertinent information about the incident under investigation You must never omit information that does not support your view of the facts You must do your best not to form your own opinion about what happened in order to remain an objective impartial and unbiased reporter of facts 5 Concise A concise report is straight to the point Conciseness implies brevity but does not dictate the length of the report which will depend on the information available While we should strive for brevity we must never sacrifice accuracy or completeness in the process 6 Complete Reports must contain all the facts that answer the six basic interrogatives WHO WHAT WHEN WHERE WHY and HOW The report must leave no unanswered questions If you omit a single link in the chain of facts decision makers may make incorrect decisions the results of which could prove disastrous Proofread all your completed reports and compare them to your notes 7 Uniformity Agencies write reports in very much the same format throughout the Department of Defense with the exception of some regional differences based on geographical peculiarities This ensures all persons who may read the report regardless of location easily understand the information
