Guide to Energy Arbitrations J William Rowley QC, 2017-06-21 Global Arbitration Review s The Guide to Energy Arbitrations is an essential desk top reference tool for energy companies their advisers and arbitrators bringing together a number of pre eminent authors and pulling together the latest and best approaches to the myriad issues confronted in today s energy disputes J William Rowley QC of 20 Essex St acts as General Editor editors are Doak Bishop of King The Guide to Energy Arbitration is a very useful and unique contribution to the literature in the area it assembles the views and insights of leading counsel and arbitrators on many of the key issues and trends in the energy arbitration world It should be a valuable guide to energy companies and their internal and external counsel in addition to being of interest to commercial and litigation lawyers generally Glenn Zacher Partner Stikeman Elliot Arbitration in Switzerland Dr. Manuel Arroyo, 2018-08-06 Arbitration in Switzerland College of Commercial Arbitrators Guide to Best Practices in Commercial Arbitration - Third Edition James M. Gaitis, Carl F. Ingwalson, Jr., Vivien B. Shelanski, 2014-01-01 This third edition of The College of Commercial Arbitrators Guide to Best Practices in Commercial Arbitration has been substantially expanded not only to ensure that it is up to date but also to incorporate several new chapters on diverse subjects including intratribunal relations arbitrators fees eDiscovery and hybrid arbitration processes Summary of New Material Twice as long as the second edition Substantial revision and expansion of existing chapters Four new chapters Arbitrators Fees Expenses eDiscovery Intratribunal Relations Hybrid Arbitration Proceedings Updated to take into account evolving case law and to address newly emerging issues relating to the management of commercial arbitrations Comparative tables regarding certain aspects of in major international rules and international arbitration institution policies Revised to take into account The new 2013 CPR Administered Arbitration Rules The 2013 revisions to the AAA Commercial Rules Various protocols and guidelines relating to domestic commercial arbitration The 2011 revisions to the JAMS International Rules The 2012 revisions to the ICDR Articles The 2010 revisions to the UNCITRAL Rules The 2013 IBA Guidelines on Party Representation in International Arbitration The 2010 revisions to the IBA Rules on the Taking of Evidence in International Arbitration Various protocols and guidelines relating to domestic commercial arbitration The aim of the Guide is to identify best practices that arbitrators can employ to provide users of arbitration with the highest possible standards of economy and fairness in the disposition of business disputes This third edition of the Guide refines the guidance contained in the first and second editions to take into account developing case law revised institutional rules advancements in arbitration techniques and thinking and also addresses newly evolving issues such as electronic discovery There are significant differences in the ways in which arbitrations are conducted in different substantive fields of commerce and among different arbitrators in the same field Techniques that are appropriate and useful in one case may be quite unsuited to another For this reason it is not possible to prescribe a single set of best practices that commercial arbitrators should invariably follow in every case Rather this Guide attempts to identify the

principal issues that typically arise in each successive stage of an arbitration and to explain the pros and cons of various preferred ways of handling each issue From this perspective the best practice for an arbitrator is to carefully consider the merits of alternative techniques available for dealing with a particular issue and to then select the technique best suited to the situation In addition the Guide attempts to identify the full array of practices available for use in complex arbitrations which can be adapted and streamlined for simpler cases Formed in 2001 the College of Commercial Arbitrators is a non profit organization composed of prominent experienced commercial arbitrators who believe that a national association of commercial arbitrators can provide a meaningful contribution to the profession to the public and to the businesses and lawyers who depend on arbitration as a primary means of dispute resolution Its mission includes promoting professionalism and high ethical practice in commercial arbitration adopting and maintaining standards of conduct providing peer training and professional development and developing and publishing best practices materials This work is the College s principal vehicle for fulfilling several aspects of its mission Many seasoned and knowledgeable practitioners generously contributed their time and insights to the creation of this Guide

International Arbitration and Mediation Michael McIlwrath,John Savage,2010-01-01 This book is intended as an easily accessible desktop resource for lawyers who regularly counsel businesses when negotiating international deals and for those who represent the same clients in achieving a successful resolution when disputes emerge The text is divided into chapters that follow the life cycle of an international commercial dispute as seen through the eyes of

the parties from when they agree how to resolve disputes in their contracts to the endgame of enforcement. Additionally, the appendices include a number of model submissions for further reference. Provided by publisher

International Arbitration in the United States Laurence Shore, Tai-Heng Cheng, Jenella E. La Chuisa, Lawrence Schaner, Mara V.J. Senn, 2016-04-24. *International Arbitration in the United States* is a comprehensive analysis of international arbitration law and practice in the United States. U.S. Choosing an arbitration seat in the U.S. is a common choice among parties to international commercial agreements or treaties. However, the complexities of arbitrating in a federal system and the continuing development of U.S. arbitration law and practice can be daunting to even experienced arbitrators. This book, the first of its kind, provides parties opting for private justice with vital judicial reassurance on U.S. courts' highly supportive posture in enforcing awards and its pronounced reluctance to intervene in the arbitral process. With a nationwide treatment describing both the default forum under federal arbitration law and the array of options to which parties may agree in state courts under state international arbitration statutes, this book covers aspects of U.S. arbitration law and practice as the following institutions and institutional rules that practitioners typically use: ethical considerations, costs and fees, provisional measures, and confidentiality. There are also chapters on arbitration in specialized areas such as class actions, securities, construction, insurance, and intellectual property.

International Arbitration in Practice Alicja Zielińska-Eisen, Verónica Sandler Obregón, Courtney Lotfi, 2025-03-18. *International Arbitration in Practice* is an indispensable and highly pragmatic book that systematically addresses the concepts underpinning international arbitration and the measures counsel, arbitrator, and institution may apply during proceedings. It has been carefully curated to include insights and best practices based on real-world experience and covers the increasing complexity of international commercial and investment arbitration by adeptly addressing arbitrations involving multiple parties or contracts, those spanning multiple jurisdictions and areas of law, and when and how to utilize new trends such as virtual advocacy. What's in this book: Providing in-depth guidance throughout all phases of international arbitration, a carefully selected group of established and emerging practitioners impart their knowledge in user-friendly chapters covering the key elements of practice. These chapters are presented in four sections: counsel's role, which includes chapters on written and oral advocacy, document production, the use of evidence, means of shaping an arbitration, and how to work with and lead a team; the tribunal's role, which includes chapters on responding to the nomination, arbitrators' duties, the hearing, weighing evidence, drafting orders and awards, and correction and clarification; the institution's role, which includes chapters on distinctions between institutional and ad hoc arbitrations, the secretariat's role, appointing arbitrators, advances on costs, and scrutiny of arbitral awards; and how arbitration is funded, which includes chapters on calculating costs, third-party funding, and attorney's fees. How this will help you: Practitioners and users alike will benefit from the practical presentation of all stages of international arbitration and will be able to approach any case with a full understanding of the potential procedure, strategies, and tactics to be employed, thanks to the authors' thorough

consideration of the real world practicalities Editors Courtney Lotfi Alicja Zielinska Eisen and Ver nica Sandler Obreg n

The challenge of drafting purchase price adjustment clauses in merger & acquisition contracts Alexander W. Nürk, 2008-08-25 Inhaltsangabe Introduction The topic of Mergers and Acquisitions M A is currently on everyone s lips No day passes by without reading about a planned or realised M A transaction in the newspapers The last few years have been record years for the M A business The year 2007 could in fact top the record year of 2006 Although the first half of 2007 was remarkably successful the subprime crisis of the credit markets led to a slow down in the second half However M A transactions with a transaction volume of approximately 4 830 billion took place worldwide in 2007 The forecasts for 2008 expect a recession of the transaction volume of up to 25 % of the previous year Mega deals will not make the headlines as often as in 2007 because banks became more careful in granting credits for such deals due to the subprime crisis However M A International INC MAI expects that the subprime crises will have only little impact on small and medium sized M A transactions and 2008 will still be a good year for the M A business Various companies have also taken advantage of the weak U S Dollar exchange rate and plan M A deals overseas Since the wind has not yet been taken out of the M A businesses sails the challenge of performing a successful M A transaction remains Like any other businesses M A transactions are a dynamic process which has to be accounted for When a buyer purchases a company target the assets of the company cannot be held in stasis until the transaction is settled The company is in a constant flow and its value changes constantly This makes it hard to determine a precise purchase price that remains valid from the beginning until the end of the transaction process Since the value of the company changes through this process the purchase price has to be adjusted Therefore purchase price adjustment tools have to be part of the M A contract to ensure so Generally legal counsels are assigned to draft M A contracts for the parties Although an M A team should consists not only of lawyers but also of accountants tax consultants and others where every member is specialised in a certain field the legal counsel should have a general overview since he is the one drafting the contract The quality of his drafting becomes apparent when disputes arise Most lawyers have no clue about company valuation methods or the principles of orderly accounting However these two applications are essential when it comes to drafting

Arbitration Advocacy in Changing Times A. J. van den Berg, 2011-01-01 Advocacy in international arbitration is the focus of this collection of articles emanating from the twentieth Congress of the International Council for Commercial Arbitration ICCA held in Rio de Janeiro in 2010 The topics addressed by renowned arbitration practitioners and scholars include effective advocacy in arbitration the advocate s role at different stages of arbitration proceedings the role of experts arbitration advocacy and Constitutional law and advocacy and ethics in international arbitration The volume also contains a new approach to expert evidence the Protocol on Expert Teaming and closes with a proposal for an International Code of Ethics for Lawyers Practicing Before International Arbitral Tribunals
