No Other Gods Ana Levy-Lyons, 2018-03-06 Ana Levy Lyons a public theologian who is equally at home in secular and religious worlds offers a deeply perceptive reinterpretation of the Ten Commandments for our modern lives The Ten Commandments are a spiritual resource for social justice A politically and spiritually brazen prescription for living the Ten Commandments would turn our world upside down if we actually followed them Far from being only ethical norms on which everyone already agrees or a remnant of a bygone oppressive era the Commandments are actually countercultural practices Today the Ten Commandments are a divisive part of American culture Religious conservatives champion them even if they don't always practice them Religious liberals and the nonreligious may bristle at what they perceive as antiquated moral restrictions But this ancient code still has vital contemporary relevance Rev Levy Lyons explores ways the Commandments bring us meaning illuminate our values and help us navigate through the turbulent waters of social injustice environmental crises and societal inequity No Other Gods looks at each Commandment in new ways moving beyond interpersonal morality to the global economy and our hyper connected age From the first You Shall Have No Other Gods Besides Me Dethrone the Modern Deities of Political Social and Corporate Power to the tenth Do Not Covet Practice Your Liberation You Have Enough You Are Enough and all those in between she underscores how the Commandments can produce a bold spiritual consciousness Whether you are deeply religious or spiritual but not religious learn how the Ten Commandments can guide you to resist injustice heal our earth and find personal dignity amid the free for alls of modern life We don't have to invent a bunch of new practices for a meaningful way to live out our spirituality and social justice politics says Levy Lyons There is a perfectly good set of ten of them all ready to go with as much progressive firepower as any of us can handle that has existed for some three thousand years

Razing Hell Sharon L. Baker, 2010-08-23 The idea of hell can haunt dreams and disturb sleep Many wonder at the justice or injustice of it all feeling confounded by a God who deems it necessary to send the majority of humanity to burn there forever Seventy percent of Americans believe in hell as do ninety two percent of those who attend church every week Clearly it's a hot topic Baker offers readers a safe space to contemplate tough issues as they rethink

traditional views of hell In her candid and inviting style Baker explores and ultimately refutes many traditional views of hell presenting instead theologically sound ways of thinking that are more consistent with the image of God as a loving creator who desires to liberate us from sin and evil This is an excellent selection for general readers students pastors professors and grief counselors and will provide clarity for those with questions about hell God's judgment and what happens to us when we die
