When Broken Glass Floats Growing Up Under The Khmer Rouge:

When Broken Glass Floats Chanrithy Him, 2001-04-17 A gut wrenching story told with honesty restraint and dignity Ha Jin National Book Award winning author of *Waiting* Chanrithy Him felt compelled to tell of surviving life under the Khmer Rouge in a way worthy of the suffering which I endured as a child In a mesmerizing story Chanrithy Him vividly recounts her trek through the hell of the killing fields She gives us a child's eye view of a Cambodia where rudimentary labor camps for both adults and children are the norm and modern technology no longer exists Death becomes a companion in the camps along with illness Yet through the terror the members of Chanrithy's family remain loyal to one another and she and her siblings who survive will find redeemed lives in America A Finalist for the Kiriya Pacific Rim Book Prize **The Barter Economy of the Khmer Rouge Labor Camps** Scott Pribble, 2023-07-21 Pribble investigates the barter economies that developed in many of the labor camps established under the Khmer Rouge in Cambodia When the Khmer Rouge abolished currency and markets in 1975 starving Cambodians created underground exchanges in labor camps throughout the country bartering luxury items for food and other necessities while simultaneously undermining the regime's ideological goals of eliminating any traces of capitalism in Democratic Kampuchea Pribble asserts three key points about the barter economy in the Khmer Rouge labor camps First the underground exchanges in Democratic Kampuchea provided food and medicine for desperate people subsisting under a totalitarian regime saving the lives of countless Cambodians Second bartering was the riskiest way to obtain food because it was dependent upon the discretion of two or more individuals from different social classes under the threat of violent punishment thereby altering the social dynamics of the camps Finally despite the regime's extreme efforts to eliminate foreign influence from the country and impose communist ideology on millions of citizens basic forms of market capitalism and a demand for superfluous luxury goods persisted in labor camps throughout the country A fascinating study of the human consequences of imposing rigid ideology that will be of particular interest to scholars and students of political history and Southeast Asian history The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *"When Race Breaks Out"* Helen Fox, 2009 *When Race Breaks Out* Revised Edition is a guide for instructors who want to promote more honest and informed conversations about race and racism Based on the author's personal practice and interviews with students and faculty from a variety of disciplines this book combines personal memoirs advice teaching ideas and lively stories from college classrooms A unique insider's guide to the main ideas definitions and opinions about race helps instructors answer students questions and anticipate their reactions both to the material and to each other An updated annotated bibliography of over 225 articles books and videos with recommendations for classroom use is included [Asian American Literature and the Environment](#) Lorna Fitzsimmons, Youngsuk Chae, Bella Adams, 2014-10-24 This book is a groundbreaking transnational study of representations of the environment in Asian American literature Extending and renewing

Lost Goddesses Trudy Jacobsen, 2008 Women had a high status in premodern Southeast Asia this is constantly stated especially in relation to discussions on the status of women today in the region Why then is it that the position of women there today is far from equitable Few studies have examined how when or even why this change came about This is the first study ever to address the place of women in Cambodian history A narrative and visual tour de force it revises accepted perspectives in the history and geopolitical organization of Cambodia since c 230 C E In so doing the book examines the relationship between women and power and analyzes the extent of female political and economic participation as revealed in historical sources including the ways in which women were represented in art and literature

result in horrible injuries to their reproductive systems and unwanted pregnancies This volume takes one stride towards assessing these grievances and argues against policies calculated to continue such indifference to great human suffering The horror and pain suffered by females does not end with the act of rape There is always the fear and reality of being infected with HIV AIDS Concomitantly there is the possibility of becoming pregnant Then there is the birth of the babies For some the very sight of the babies and children reminds mothers of the horrific violations they suffered When mothers harbor deep seated hatred or disdain for such children it results in more misery The hatred may be so great that children born of rape leave home early in order to fend for themselves on the street This seventh volume in the Genocide series will provoke debate discussion reflection and ultimately action The issues presented include ongoing mass rape of girls and women during periods of war and genocide ostracism of female victims terrible psychological and physical wounds the plight of offspring resulting from rapes and the critical need for medical and psychological services

From Cape Town to Kabul Penelope Andrews, 2016-04-15 Using her experience of living under apartheid and witnessing its downfall and the subsequent creation of new governments in South Africa the author examines and compares gender inequality in societies undergoing political and economic transformation By applying this process of legal transformation as a paradigm the author applies this model to Afghanistan These two societies serve as counterpoints through which the book engages in a nuanced and novel way with the many broader issues that flow from the attempts in newly democratic societies to give effect to the promise of gender equality Developing the idea of conditional interdependence the book suggests a new approach based on the communitarian values which underpin newly democratic societies and would allow women's rights to gain momentum and reap greater benefits Broad in its thematic approach the book generates challenging and complex questions about the achievement of gender equality It will be of interest to academics interested in gender and human rights international and comparative law

Chileng Pa, Carol A. Mortland, 2017-02-10 The Khmer Rouge ruled Cambodia for three years eight months and twenty days
After overthrowing Lon Nol in April 1975 and establishing a so called Democratic Kampuchea the Communist sponsored
government was responsible for the deaths of as many as two million people almost one third of the country's population
Here Chileng Pa vividly recalls life under the Cambodian Communists Attempting to conceal his identity as a policeman for
the previous government Chileng changed his name and moved his family to the village of Prayap near the Vietnamese
border In April of 1977 after two years of starvation and cruelty at the hands of the Khmer Rouge Chileng was forced to
watch as Communist guerillas brutally murdered his wife and two year old son With nothing left for him in Prayap Chileng
fled to Vietnam but eventually returned to Cambodia as part of a Vietnamese invasion force that would end the bloody reign
of the Khmer regime In 1981 Chileng and his new family found their way to America His simple strand of remembrance
serves to honor all those who died at the hands of the Khmer Rouge
