Handbook of Moral and Character Education Larry Nucci, Tobias Krettenauer, Winston C. Thompson, 2024-08-16 The Handbook of Moral and Character Education offers a definitive state of the art synthesis of leading scholarship in moral and character education A subject of international interest and the focus of numerous governmental curricular mandates the moral development and character formation of students are increasingly recognized as an essential component of a well rounded schooling experience This comprehensive volume explores the philosophical psychological and educational issues that define the field links robust theoretical and empirical foundations to effective classroom practice highlights implications for civic engagement and social justice and follows the lessons learned from moral and character education into contexts outside of schools Fully revised and updated this third edition features a refreshed research base coverage of digital pedagogies out of school programs and informal learning and discussions about the role of reason emotion cultural processes and citizenship democracy in education Further the book s substantive emphasis on diversity and equity in the field results in greater racial ethnic and geographic representation among contributing authors inclusion of historically marginalized school communities and student identities and coverage of practices such as transformative social and emotional learning SEL restorative justice and education for environmental sustainability

Southern Writers Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor s place as the essential reference on literary artists of the American South Broadly expanded and thoroughly revised it boasts 604 entries nearly double the earlier edition s written by 264 scholars For every figure major and minor from the venerable and canonical to the fresh and innovative a biographical sketch and chronological list of published works provide comprehensive concise up to date information Here in one convenient source are the South s novelists and short story writers poets and dramatists memoirists and essayists journalists scholars and biographers from the colonial period to the twenty first century What constitutes a southern writer is always a matter for debate Editors Joseph M Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense New to this volume are younger writers who have emerged in the quarter century since the dictionary s original publication as well as older talents previously unknown or unacknowledged For almost every writer found in the previous edition a new biography has been commissioned Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners Southern Writers is an indispensable reference book for anyone intrigued by the subject

Cultures in Conversation Donal Carbaugh, 2014-04-04 Cultures in Conversation introduces readers to the ethnographic study of intercultural and social interactions through the analysis of conversations in which various cultural orientations are operating Author Donal Carbaugh presents his original research on conversation practices in England Finland Russia Blackfeet County and the United States demonstrating how each is distinctive in its communication codes particularly in its use of symbolic meanings

forms of interaction norms and motivational themes Examining conversation in this way demonstrates how cultural lives are active in conversations and shows how conversation is a principal medium for the coding of selves social relationships and societies Representing 20 years of research this volume offers unique insights into the ways social interactions not only gain shape from but also are formative of cultures It makes a significant contribution to communication scholarship and will be illuminating reading in courses focusing on cultural communication language and social interaction intercultural pragmatics and linguistics

The God Who Believes Christian D. Kettler,2005-09-01 How does one deal with doubt Are faith and doubt irreconcilable Does one s understanding of God affect the answers to these questions Christian Kettler investigates these questions from a christological perspective drawing implications from the Scottish theologian T F Torrance and his doctrine of the vicarious humanity of Christ If we take the humanity of Christ seriously should we not speak of the faith of Jesus as a vicarious faith believing for us and in our place when it is difficult if not impossible to believe How Christians know God Jesus Knows God for Us and in Our Place who God is Who is the God Whom Jesus Knows and how to believe in God in a world of suffering and evil Providence Evil Suffering and the God Who Believes receive new insight in light of this christological exploration Wendell Berry s poignant novel of a humble country barber Jayber Crow adds an incarnational context to a discussion with important pastoral and existential dimensions In the vicarious faith of Christ we are not left as James Torrance cautions us to be thrown back upon ourselves but called to participate by the Spirit in the faith of Jesus

Spreading and Abiding Hope Jacob Shatzer,2015-10-13 Every tradition has its surprising voices its thinkers who look at things slightly differently than most Evangelicalism is no exception Many surprising evangelical voices end up being embarrassments of one sort or another everyone can choose their favorite example of this phenomenon Rather than seeking to expose these sorts of negative surprises this book explores the surprising voice of the late evangelical theologian A J Conyers Conyers s political theology is a resource for a robust evangelical theopolitical imagination By learning from Conyers evangelicals can overcome common weaknesses and engage in a more thoroughly Christian biblical and evangelical approach to the modern world and its various institutions and challenges Conyers speaks beyond evangelicalism as well His vision of the modern world including its development and major challenges provides insight into contemporary political theology His work on the nation state free market capitalism and the notions of toleration and vocation speaks into and advances important debates Thus Conyers s evangelical political theology provides both the evangelical tradition itself as well as political theology as a broader discipline with a compelling and challenging vision

Anti-Human Theology Peter M. Scott,2010 Due to the vigour of its re engineering of the world by its technologies western society has entered into a postnatural condition in which standard divisions between the natural and artificial are no longer convincing This title develops an anthropology that doesn t repeat Christianity s history of anthropocentrism but instead criticises it

The Mind and the Machine Matthew T. Dickerson,2016-07-29 Are humans just complex biochemical machines mere physical parts of a

causally closed materialist universe Are we approaching the so called Singularity when human consciousness can and will be downloaded into computers Or is there more to the human person something that might be known as soul or spirit As this book makes clear the answers to these questions have profound implications to topics such as heroism creativity ecology and the possibility of reason and science In exploring this important topic Dickerson engages the ideas of some well known twentieth and twenty first century espousers of physicalism including philosopher Daniel Dennett Consciousness Explained biologist Richard Dawkins The God Delusion futurist engineer Raymond Kurzweil The Age of Spiritual Machines psychologist B F Skinner Beyond Freedom and Dignity and mathematician philosopher Bertrand Russell Why I Am Not a Christian Through a careful reading of their works Dickerson not only provides a five fold critique of physicalism but also offers a Christian alternative in the form of integrative dualism which affirms the existence of both a physical and spiritual reality without diminishing the goodness or importance of either and acknowledges that humans are spiritual as well as bodily persons

Back to the Basics of Teaching and Learning David W. Jardine, 2017-07-05 This book is about an ecological interpretive image of the basics Essays detailing everyday lived events in classroom life are presented to help readers see beneath the surface ordinariness of these events to

uncover and examine the underlying complex and contested meanings they contain Readers are invited to imagine what would happen to our understanding of teaching and learning if we stepped away from the image of basics as breakdown under which education labors today an image of fragmentation isolation and the consequent dispensing manipulation and control of the smallest simplest most meaningless bits and pieces of the living inheritances that are entrusted to teachers and learners in schools By involving readers in re thinking the idea of the basics in educational theory and practice this book offers a more generous rigorous difficult and pleasurable image of what this term might mean in the living work of teachers and learners This is a valuable text for practicing teachers and student teachers interested in re imagining what is basic to their work and the work of their students It also provides examples of interpretive inquiry that will be helpful for graduate students and scholars in the areas of curriculum teaching and learning who are interested in pursuing this form of research and writing The Second Edition is guided by the view that thinking the world together is a form of ecological thinking adds chapters that take up the ecological aspects of this vision the hermeneutic aspects and curricular aspects in the areas of mathematics reading and writing and social studies included also are chapters on child development information and communications technologies and more proposes a version of the basics that asks teachers to be public intellectuals who think about the world who think about the knowledge we have inherited and to which we are offering our students living breathing access

Theology E. M. Conradie,2006-10-01 There has been a proliferation of publications in the field of Christian ecological theology over the last three decades or so These include a number of recent edited volumes each covering a range of topics and consolidating many of the emerging insights in ecological theology The call for Christian churches to respond to the environmental crisis has been reiterated numerous times in this vast corpus of literature also in South Africa **Finding All**

Things in God Hans Gustafson,2017-05-25 In Finding All Things In God Hans Gustafson proposes pansacramentalism as holding the potential to find the divine in all things and all things in the divine Such a proposition carries significant interreligious implications particularly in the practice of theology Presupposing theological practice as divorced from spirituality lived religious experience Gustafson presents pansacramentalism as a bridge between the two In so doing Gustafson offers a history of spirituality sketching the foundations of a classical approach to sacramentality through Aquinas as well as a contemporary approach to the same through Rahner and Chauvet Through three fascinating case studies this book presents particular instances of sacramentality in lived religious experience Gustafson offers an exciting method of doing theology one which is entirely compatible with the interdisciplinary field of interreligious studies **Reading Genesis**

After Darwin Stephen C. Barton,David Wilkinson (Rev. Dr.),2009 First the authors explore how the scriptures were interpreted before the time of Darwin Part II presents essays on the real history of the Darwin controversies exploding the myths about this period The final chapter deals with the rise of creationism in its current social context Encyclopedia of the Environment in American Literature Geoff Hamilton,Brian Jones,2014-01-10 This encyclopedia introduces readers to American poetry fiction and nonfiction with a focus on the environment broadly defined as humanity s natural surroundings from the discovery of America through the present The work includes biographical and literary entries on material from early explorers and colonists such as Columbus Bartolome de Las Casas and Thomas Harriot Native American creation myths canonical 18th and 19th century works of Jefferson Emerson Thoreau Whitman Hawthorne Twain Dickinson and others to more recent figures such as Jack London Ernest Hemingway Norman Mailer Stanley Cavell Rachel Carson Jon Krakauer and Al Gore It is meant to provide a synoptic appreciation of how the very concept of the environment has changed over the past five centuries offering both a general introduction to the topic and a valuable resource for high school and university courses focused on environmental issues **The Link** ,1992 *25 Great Sentences and How They Got That Way* Geraldine

Woods, 2020-08-18 A guide to the artistry that lifts a sentence from good to great We all know the basic structure of a sentence a subject verb pair expressing a complete thought and ending with proper punctuation But that classroom definition doesn't begin to describe the ways in which these elements can combine to resonate with us as we read to make us stop and think laugh or cry In *25 Great Sentences and How They Got That Way* master teacher Geraldine Woods unpacks powerful examples of what she instead prefers to define as the smallest element differentiating one writer's style from another's a literary universe in a grain of sand And that universe is very large the hundreds of memorable sentences gathered here come from sources as wide ranging as Edith Wharton and Yogi Berra Toni Morrison and Yoda T S Eliot and Groucho Marx Culled from fiction nonfiction drama poetry song lyrics speeches and even ads these exemplary sentences are celebrated for the distinctive features whether of structure diction connection comparison sound or extremes that underlie their beauty resonance and creativity With dry humor and an infectious enjoyment that makes her own sentences a pleasure to read Woods shows us the craft that goes into the construction of a memorable sentence Each chapter finishes with an enticing array of exercises for those who want to test their skill at a particular one of the featured twenty-five techniques such as onomatopoeia in the Sound section or parallelism in the Structure section This is a book that will be treasured by word nerds and language enthusiasts writers who want to hone their craft literature lovers and readers of everything from song lyrics and speeches to novels and poetry
