Urban Poor in Harare, Zimbabwe Johannes Itai Bhanye,Fortune Mangara,Abraham R. Matamanda,Lameck Kachena,2023-12-09 This book focuses on the socio economic impacts of the COVID 19 pandemic and associated lockdowns on the welfare of the urban poor in the city of Harare Zimbabwe The authors look through the lenses of the urban health penalty the right to the city complexity theory and distributive justice theory These four theories help situate the COVID 19 pandemic and its impacts on the urban poor in the theoretical foundations that raise issues of how the poor are affected by disease health pandemics due to their living conditions Uniquely the authors use remote ethnography tools such as rich texts video diaries and photo uploads to provide evidence based stories of how COVID 19 mobility restrictions have affected poor urbanites in Harare The book concludes that the COVID 19 pandemic mandatory lockdowns have deepened social and spatial inequality among the urban poor threatening their right to the city The socio economic impacts can upsurge poverty increase unemployment and the risks of hunger and food insecurity reinforce existing inequalities and break social harmony in the cities even past the COVID 19 pandemic period These socioeconomic impacts must be considered to make just cities for all from a right to the city perspective The authors recommend that mandatory COVID 19 lockdowns should not only be treated as a law and order operation but as a medical intervention to stem the spread of the virus backed by measures to safeguard the livelihoods of the urban poor while also protecting the economy This means governments should provide social safety nets to informal sector operators whose income generating activities are affected the most during the time of emergencies like COVID 19 Planners and policymakers should re envision pandemic resilient cities that are just equitable resilient and sustainable **Diplomatic Methods** R.P. Examining Education around the World Fred M. Shelley, 2022-09-27 This thematic encyclopedia provides an overview of education in 70 countries worldwide and links educational organization philosophy and practice with important global social economic and environmental issues facing the contemporary world All around the world young people attend school be it in the steppes of Mongolia the tiny island nations of the Pacific or the urban centers of Mexico How do countries meet the educational needs of their citizens This volume is organized into 10 chapters that look at key issues in global education including literacy gender religion science and technology STEM arts and humanities school violence multicultural education and diversity environment and sustainability education and difference special needs and views on education and a country's future Each chapter contains eight country profiles one for the United States and one each for seven other countries Each entry includes a brief overview of the country and its history and geography a description of its education system and more detailed information about that country This book allows readers to compare and contrast education throughout the world It also analyzes from both contemporary and historical perspectives relationships between education and the ways in which different countries address various issues including development diversity gender and environmental sustainability [Lion Hearted](#) Andrew Loveridge, 2018-04-10 Until the lion has its own storyteller tales of the lion hunt will always glorify the hunter Zimbabwean proverb In 2015 an American hunter named Walter Palmer shot and killed a lion named Cecil The lion was one of dozens slain each year in Zimbabwe which legally licenses the hunting of big cats But Cecil's death sparked unprecedented global outrage igniting thousands of media reports about the peculiar circumstances surrounding this hunt At the center of the controversy was Dr Andrew Loveridge the zoologist who had studied Cecil for eight years In [Lion Hearted](#) Loveridge pieces together for the first time the fascinating life and murky details of this beloved lion's slaying In the tradition of [Born Free](#) and [Gorillas in the Mist](#) [Lion Hearted](#) chronicles Loveridge's long acquaintance with a host of charismatic lions that his team has tracked often from birth to death Born and raised in Zimbabwe Loveridge learned to love predators at the knee of his father an eminent herpetologist who stored baby crocodiles in the family bathtub After earning his doctorate at Oxford he seized an invitation to study the lions of Zimbabwe's Hwange National Park There he meets Stumpy Tail who despite her name has the dignity of the Queen of the Animal Kingdom Dynamite a venerable coalition leader who muscled out by younger males sets off on an incredible thirty seven day 137 mile journey to find a new home and Kataza who escapes

another lion's claws and whom Loveridge twice saves from death at the hands of humans. And of course there is Cecil, dethroned in an epic battle, he forms an alliance with a former rival. He also becomes a favorite of photographers and tourists until the fateful night when a Minnesota dentist and his hunting guide entice the trusting cat with a free meal. Loveridge unravels the complexities of lion society and the dangers the cats face both within their ranks and from the outside world. Despite their ruthless reputation, lions can form deep emotional bonds; females live in prides, a sisterhood of mothers, daughters, sisters, and aunts that can exhibit military precision when hunting in formation; males band together in coalitions to vie for control of territory and the female prides. They also display a wide range of emotional behavior, including mourning the loss of their mates, partners, and cubs. Africa's lion population is estimated to have shrunk by 43 percent in the last twenty years. There may now be as few as 20,000 wild lions across the entire continent, far fewer than the number of elephants. While deploring the killing of lions for sport, Loveridge does not believe that banning trophy hunting by itself will halt the decline of Africa's lion populations. He sees greater threats in human population growth, the loss of habitat to agriculture, and the illegal trade in lion body parts for use in traditional medicines. And he offers concrete proposals for averting the lion's extinction. More than a gripping detective story, *Lion Hearted* is an exploration of humanity's relationship with the natural world and an attempt to keep this majestic species from disappearing. Lions are one of the most beloved animals on the planet. Loveridge observes, "They are the national symbol of no fewer than fifteen countries. Surely we can think of a better way to save the wild animals we love besides killing them."

Military Review, 2016 **SADC Gender Protocol 2015 Barometer** Morna, Colleen Lowe, Dube, Sifiso, 2016-02-22. In August 2008, Heads of State of the Southern African Development Community adopted the ground-breaking SADC Protocol on Gender and Development. This followed a concerted campaign by NGOs under the umbrella of the Southern Africa Gender Protocol Alliance. The SADC Gender Protocol is the only sub-regional instrument that brings together existing global and continental commitments to gender equality and enhances these through time-bound targets. Aligned to Millennium Development Goal Three, the original 28 targets of the Protocol expire in 2015. Now that 2015 is here, we need to step back, assess, and reposition. In June 2014, SADC Gender Ministers agreed to review the targets of the Gender Protocol in line with the Sustainable Development Goals (SDGs). In May this year, ministers added that they want the Protocol to be accompanied by a Monitoring, Evaluation, and Results Framework. The 2015 Barometer shows that implementation is now the biggest missing gap in the quest for gender equality. Now is the time to strengthen, resolve, reconsider, reposition, and re-strategise for 2030. **SADC GENDER PROTOCOL BAROMETER 2015**. 2015 is here.
