Zondvloed De Jeroen Brouwers

Johan P. Snapper, Thomas F. Shannon

Zondvloed De Jeroen Brouwers:

Syntax of Dutch Hans Broekhuis, Norbert Corver, 2025-10-01 The *Syntax of Dutch* aims at presenting a synthesis of the currently available syntactic knowledge of Dutch. It is primarily concerned with language description and not with linguistic theory and provides support to all researchers interested in matters relating to the syntax of Dutch including advanced students of language and linguistics. *Syntax of Dutch Verbs and Verb Phrases* consists of three volumes. Volume 1 opens with a general introduction to verbs including a review of various verb classifications and discussions on inflection, tense, mood, modality and aspect. This is followed by a comprehensive discussion of complementation, argument structure and verb frame alternations. Volume 2 continues the discussion of complementation but is more specifically focused on clausal complements: the reader will find detailed discussions of finite and infinitival argument clauses, complex verb constructions and verb clustering. Volume 3 concludes with a description of adverbial modification and the overall structure of clauses in relation to e.g. word order, verb placement, wh-movement, extraposition phenomena, scrambling etc. **Jeroen Brouwers** Johan Vandenbroucke, 2005 **Jeroen Brouwers' De Zondvloed** Karel Verhoeven, 1994 *Syntax of Dutch: Nouns and Noun Phrases - Volume 2* Hans Broekhuis, Marcel Dikken, 2025-10-01 The *Syntax of Dutch* will be published in at least seven volumes in the period 2012-2016 and aims at presenting a synthesis of the currently available syntactic knowledge of Dutch. It is primarily concerned with language description and not with linguistic theory and provides support to all researchers interested in matters relating to the syntax of Dutch including advanced students of language and linguistics. The two volumes *Nouns and Noun Phrases* discuss the internal make-up as well as the distribution of noun phrases. Topics that will be covered include complementation and modification of noun phrases, properties of determiners, article, demonstratives, numeral and quantifiers, the use of noun phrases as arguments, predicates and adverbial modifiers. Eredoctoraat dr.h.c. Jeroen Brouwers Jeroen Brouwers, Jos Joosten, Johan Vandenbroucke, 2024-05-10 On 18 October 2018 during the 95th Dies Natalis Jeroen Brouwers received an honorary doctorate from the Radboud University. This honorary doctorate was awarded to him because of his significance to Dutch literature. This edition includes the laudatio by the honorary promotor Jos Joosten, the acceptance speech by Jeroen Brouwers and a curriculum vitae by Brouwers' biographer Johan Vandenbroucke. Honorary promotor Jos Joosten described Jeroen Brouwers in 2018 as a prominent and highly acclaimed writer with a career spanning more than half a century. He has addressed important societal issues in his novels such as the processing of the Second World War in the Dutch East Indies in *Bezonken Rood* 1981 and the abuse in the Catholic Church in *Het Hout* 2014. But he is also a great essayist employing a method that lies between scholarly analysis and literary imagination and a polemicist. He serves as an example for many writers: he lives for and through literature. As a critic he also writes extensively about Flemish literature which is also a particular focus of Nijmegen's Dutch studies. And whether he's engaging in polemics or erecting a statue for a writer stylistically it's always virtuoso. **History as a Theological Issue** Nico T. Bakker, 2019-05-21 These days no one

believes in the redemptive essence of history Lyotard The individual of today lives without culture history social engagement and moral norms Lasch It is in this intellectual climate that History as a Theological Issue has been written Nico Bakker analyses seminal conceptions of history from the past and from our day and compares them with the newest notions of history in biblical and systematic theology In so doing he engages in conversation with thinkers from Augustine to Popper along with many others His thinking is informed in particular by the work of Barth Pannenberg and the Dutch reformed theologians Miskotte and Breukelman Of central significance is his ability to apply basic theological notions to culture In this way he connects the present day crisis of culture with the permanent alienation of church and Christianity from its own origins in the scriptures Now that since the 1950s a new awareness structure is beginning to emerge Gebser the author considers that theology is in need of a radical rethink History as a Theological Issue is written primarily for theologians historians biblical critics and philosophers of religion and is recommended reading for all who are seriously interested in the present day crisis of culture and in the widespread alienation from the Bible Church and Christianity

Silenced Voices Inez Hollander, 2008 Like a number of Netherlanders in the post World War II era Inez Hollander only gradually became aware of her family's connections with its Dutch colonial past including a Creole great grandmother For the most part such personal stories have been if not entirely silenced at least only whispered about in Holland where society has remained uncomfortable with many aspects of the country's relationship with its colonial empire Unlike the majority of memoirs that are soaked in nostalgia for tempo dulu Hollander's story sets out to come to grips with her family's past by weaving together personal records with historical and literary accounts of the period She seeks not merely to locate and preserve family memories but also to test them against a more disinterested historical record Hers is a complicated and sometimes painful personal journey of realization unusually mindful of the ways in which past memories and present considerations can be intermingled when we seek to understand a difficult past Silenced Voices is an important contribution to the literature on how Dutch society has dealt with its recent colonial history **Lexicon van literaire werken**, 1996
