Janney, 2015-07-24 Between the end of May and the beginning of August 1864 Lt Gen Ulysses S Grant and Gen Robert E Lee oversaw the transition between the Overland campaign a remarkable saga of maneuvering and brutal combat and what became a grueling siege of Petersburg that many months later compelled Confederates to abandon Richmond Although many historians have marked Grant's crossing of the James River on June 12 15 as the close of the Overland campaign this volume interprets the fighting from Cold Harbor on June 1 3 through the battle of the Crater on July 30 as the last phase of an operation that could have ended without a prolonged siege The contributors assess the campaign from a variety of perspectives examining strategy and tactics the performances of key commanders on each side the centrality of field fortifications political repercussions in the United States and the Confederacy the experiences of civilians caught in the path of the armies and how the famous battle of the Crater has resonated in historical memory As a group the essays highlight the important connections between the home front and the battlefield showing some of the ways in which military and nonmilitary affairs played off and influenced one another Contributors include Keith S Bohannon Stephen Cushman M Keith Harris Robert E L Krick Kevin M Levin Kathryn Shively Meier Gordon C Rhea and Joan Waugh

Back to the Blanket Kimberly G. Wieser, 2017-11-16 For thousands of years American Indian cultures have recorded their truths in the narratives and metaphors of oral tradition Stories languages and artifacts such as glyphs and drawings all carry Indigenous knowledge directly contributing to

American Indian rhetorical structures that have proven resistant and sometimes antithetical to Western academic discourse. It is this tradition that Kimberly G Wieser seeks to restore in *Back to the Blanket* as she explores the rich possibilities that Native notions of relatedness offer for understanding American Indian knowledge arguments and perspectives. *Back to the Blanket* analyzes a wide array of American Indian rhetorical traditions then applies them in close readings of writings, speeches and other forms of communication by historical and present day figures. Wieser turns this pathbreaking approach to modes of thinking found in the oratory of eighteenth century Mohegan and Presbyterian cleric Samson Occom, visual communication in Laguna Pueblo author Leslie Marmon Silko's *Almanac of the Dead*, patterns of honesty and manipulation in the speeches of former president George W Bush and rhetorics and relationships in the communication of Indigenous leaders such as Ada Gál Kala Tsiyugnsini and Inoli. Exploring the multimodal rhetorics, oral, written, material, visual, embodied, kinesthetic that create meaning in historical discourse, Wieser argues for the rediscovery and practice of traditional Native modes of communication, a modern day going back to the blanket or returning to Native practices. Her work shows how these Indigenous insights might be applied in models of education for Native American students in Native American communities more broadly and in transcultural communication, negotiation, debate and decision making.
