Foden Export Vehicles Wobbe Reitsma, 2017-06-02 After 1945 many countries needed new vehicles in order to replace those that had been destroyed or worn out in the war and so British factories were offered incentives to produce and export lorries Foden were one such company to take advantage of the opportunities available and in the 1950s had agents in almost every West European country In the 1970s when the European market had declined the Middle East Australia and South Africa markets rose to prominence and from the 1980s onwards New Zealand became the primary destination for the marque By the time production finally ceased in 2006 they had sold vehicles all over the world The vehicles produced for export differed greatly from the designs used in Britain In many countries the gross weights of vehicles exceeded the British values significantly so the majority of Foden export vehicles had much stronger chassis gearboxes axles suspensions and more powerful engines than their British counterparts Many also had tropical double roofs to keep the heat out and sleeper cabs long before they became common in the UK This comprehensive book detailing the lorries that Foden exported around the world follows on from the publication of the author's first book about the Fodens produced and used within the UK Foden Special Vehicles It includes 364 fascinating photographs many of which have never been previously published and will be of interest to all Foden fans and transport enthusiasts in general *June 2023 - Surplus Record Machinery & Equipment Directory* Tom Scanlan, SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 110 000 industrial assets since 1924 including metalworking and fabricating machine tools lathes cnc equipment machine centers woodworking equipment food equipment chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD June 2023 issue Vol 100 No 6 **The Cool Apple Express** Michael J. Hicks, 2011-12-05 My inspiration for doing this journal and writing this book is basically an outlet to have a say Never have been one to get up in front of a group of people and speak I always had this excellent memory and writing was a way for me

to get it out and so I decided to do just that So many times down through the years I was told by friends and even some professional people I should write a book My attempt to live in a normal family from the time I was very young it was never destined to happen Thats just the way it was a higher power was and is the ruler over that The thing that most people take for granted family has always been a missing link in my life As a result I have to talk mostly about experiences things hobbies friends etc and that is why you will find the absence of family in the context of my story I would have loved to have had family to be a part of my life When I retired from the Teamster via the BOEING Co in October 1995 I already had work to go to immediately and worked clear into 2002 My Mother passed away in August 1999 and she had lived a full life to 95 years of age Even though I had 3 daughters living and doing their thing in different parts of the country at that particular time my relationship with 2 of them was minimal and non existent with the 3rd After having moved up to Camano Island in 2003 and planning to stay there permanently well it turned out that wasnt what I really wanted after I got there and only lived there for 10 months sold that house packed up all my stuff and hauled it to Texas I had decided I would make an attempt to live near my oldest daughter It would at least give me a chance to maybe have a bond with my flesh and blood once in awhile It worked in the very short term till she changed jobs and moved to Dallas Too little too late it was not in the cards At this point my oldest daughter and I have a pleasant relationship even though we see each other maybe twice a year Flying up to my home area in Washington state once or twice a year is one of the things I really look forward to I have some real solid friends in Washington that will always be my best friends Im really a Lucky Guy Mike Hicks April 2024 - Surplus Record Machinery & Equipment Thomas Scanlan, SURPLUS RECORD is the leading independent business directory of new and used capital equipment machine tools machinery and industrial equipment listing over 150 000 industrial assets since 1924 including metalworking and fabricating machine tools lathes cnc equipment machine centers woodworking equipment food equipment chemical and process equipment cranes air compressors pumps motors circuit breakers generators transformers turbines and more Over 1 100 businesses list with the SURPLUS RECORD November 2023 issue Vol 101 No 4 **Boating**,1982-07 April 2023 - Surplus Record Machinery & Equipment Directory Thomas M.
