Gilder s originality plus the sheer force of his enthusiasm for the extraordinary virtues of the beleaguered Jewish state sweep away the prevailing vitriol and make for a book that is nothing less than thrilling to read Norman Podhoretz In this timely and courageous book George Gilder demonstrates that the widespread antagonism toward the state of Israel is based as is anti Semitism itself on self defeating envy and resentment of its superior accomplishments and moral leadership Israel s stunning rise as a world capitalist and technological power he argues stems in part from the Jewish culture of mind and in part from Judaism itself which encourages intellectual curiosity and rational analysis while providing a rigorous moral framework for entrepreneurial creativity Israel s critics throughout the Middle East and in Western Europe all facing socialist decline have failed the Israel Test because they seek to destroy Israel s capitalist success rather than to emulate it America s continued support for Western Civilization in the Middle East will define our future survival as a nation If Israel is destroyed Gilder predicts capitalist Europe will likely die as well and America the epitome of productive and creative capitalism spurred by its own Jewish citizens will be in grave moral and economic jeopardy At a time when ignorant students and overtly anti Semitic politicians champion Israel s murderous enemies and rush to abandon Israel Gilder s clarity of vision makes The Israel Test required reading not only for college students but also for policy makers in Washington and throughout the world
