Accounting Principles, Volume 2 Jerry J. Weygandt, Paul D. Kimmel, Jill E. Mitchell, Valerie Warren, Lori Novak, 2024-12-09
Accounting Principles 10th Canadian Edition empowers students to succeed by providing a clear overview of fundamental financial and managerial accounting concepts with a focus on learning the accounting cycle from the sole proprietor perspective. With distinct pedagogical scaffolding of concepts and integrated practice throughout the text, Accounting Principles is dedicated to teaching students not just the how of accounting but also the why. To develop a deeper understanding of course concepts, students work through high quality assessments at varying levels helping them learn more efficiently while simultaneously building confidence in their problem solving skills. There are also a variety of hands on activities and resources designed to bridge the gap between the classroom and real world including running cases, Analytics in Action problems, Data Analytics Insight features, and Excel templates. With Accounting Principles, students will build a strong foundation of introductory accounting concepts along with a decision making skillset that they can carry with them into their future careers.
