prepare children to respond to racism in their books and in their society Part II takes up the ethical orientations of various classic and contemporary texts including prosaic ethics in the Hundred Acre Wood moral discernment in Narnia ethical recognition in the distant worlds traversed by L. Engle and virtuous transgression in recent Anglo American children's literature and in the emerging children's literature of 1960s Taiwan Part III's essays engage in ethical criticism of arguably problematic messages about our relationship to nonhuman animals about war and about prejudice The final section considers how we respond to children's literature with ethically focused essays exploring a range of ways in which child readers and adult authorities react to children's literature Even as children's literature has evolved in opposition to its origins in didactic Sunday school tracts and moralizing fables authors parents librarians and scholars remain sensitive to the values conveyed to children through the texts they choose to share with them *Boogie Bass, Sign Language Star* Claudia Mills, 2021-08-03

Bringing together children's literature scholars from China and the United States this collection provides an introduction to the scope and goals of a field characterized by active but also distinctive scholarship in two countries with very different rhetorical traditions The volume's five sections highlight the differences between and overlapping concerns of Chinese and American scholars as they examine children's literature with respect to cultural metaphors and motifs historical movements authorship didacticism important themes and the current status of and future directions for literature and criticism Wide

ranging and admirably ambitious in its encouragement of communication between scholars from two major nations
 Representing Children in Chinese and U S Children s Literature serves as a model for examining how and why children s literature more than many literary forms circulates internationally *The Lost Language* Claudia Mills,2022-11-01 The quest to save the words of a dying language and to find the words to save what may be a dying friendship lies at the heart of this exquisite verse novel Sixth grader Betsy is the one who informs her best friend Lizard that thousands of the world s languages are currently threatened by extinction Betsy s mother is a linguistics professor working frantically to study dying languages before they are lost forever But it is Lizard who gripped by the magnitude of this loss challenges Betsy What if instead of WRITING about dying languages like your mom you and I SAVED one instead As the girls embark on their quest to learn as much as possible of the near extinct language of Guern siai spoken on the Isle of Guernsey off the coast of France their friendship faces unexpected strains With Lizard increasingly obsessed with the language project Betsy begins to seek greater independence from her controlling and charismatic friend as well as from her controlling and charismatic mother Then tragedy threatens Betsy s life beyond what any words can express and Lizard does something unthinkable Maybe lost friendships like lost languages can never be completely saved A Junior Library Guild Gold Standard Selection

Re-imagining Schooling for Education Glenda McGregor,Martin Mills,Kitty Te Riele,Aspa Baroutsis,Debra Hayes,2017-03-08 This book provokes a conversation about what supportive schooling contexts for both students and teachers might look like and considers how schooling can contribute to a more socially just society It takes as its starting point the position of the most marginalised students many of whom have either been rejected by or have rejected mainstream schooling and argues that the experiences of these students suggest that it is time for schools to be reimagined for all young people Utilizing both theory and data the volume critiques many of the issues in conventional schools that work against education and presents evidence from the field in the form of data from unconventional schooling sites which demonstrates some of the structural relational curricular and pedagogical changes that appear to be enabling schooling for education for their students It will be essential reading for students and researchers in the fields of education sociology and social work and will also be of great interest to practising teachers **Annika Riz, Math Whiz** Claudia Mills,2014-05-13 Annika hopes to change her best friends hatred of math by winning a Soduko contest but she does not realize how important their lack of mathematical ability is until they make a mistake at the school carnival **Chicago Tribune Index** ,2002 **Forthcoming Books** Rose Arny,1981 *Kreuzer* ,2004 *The New Yorker* ,1961-05-12 **Cue** ,1967 *Zero tolerance* Lizanne Van Essen, **Zero Tolerance** ,2008 **Zero Tolerance** J.
