Zimsec November O Level English Paper 2:

The Art of Survival Joseph Chikowero, Anna Chitando, Angeline M. Madongonda, Government Phiri, 2015-11-25 The Art of Survival Depictions of Zimbabwe and the Zimbabwean in Crisis offers a fresh interdisciplinary examination of a period against which development in Zimbabwe is often measured one epitomized by the severe shortages and runaway inflation of 2008 While journalistic stories of the 1998 2008 era often privilege the reductive stories of woe defeat and crushed hopes this volume explores how survival was still possible in those circumstances The book offers insights into how ordinary Zimbabweans battled the odds by making startling innovations in language use to legitimize new survival strategies how they weaved new songs and reinterpreted old ones to fight for survival how social institutions such as churches reinterpreted popular gospel and how authors playwrights and dramatists crafted works that acknowledge the unprecedented difficulties and yet find humour laughter and love in unusual places This work will appeal to both scholars who will appreciate the depth of the analysis and the general reader *Resources in Education* ,2001

The Rhodesian Air Force in Zimbabwe's War of Liberation, 1966-1980 Darlington Mutanda, 2016-11-10 This book evaluates the development of the Rhodesian Air Force during the Second Chimurenga or Bush War 1966 1980 Airpower in irregular conflict is effective at the tactical level because guerrilla warfare is not a purely military conflict The Rhodesian Air Force was deployed in a war winning versus a supporting role as a result of the shortage of manpower to deal with insurgency and almost all units of the Rhodesian Security Forces depended on its tactical effectiveness Technical challenges faced by the Air Force combined with the rate of guerrilla infiltration and the misuse of airpower to bomb guerrilla bases in neighboring countries largely negated the success of airpower *Zimbabwe National Bibliography* ,1990

Campbell, 2016-12-01 The central concern of this book is to find answers to fundamental questions about the British asylum system and how it operates Based on ethnographic research over a two year period the work follows and analyses numerous asylum appeals through the British courts It draws on myriad interviews with individuals and a thorough examination of many state and non state organizations to understand how the system works While the organization of the book reflects the formal asylum process a focus on specific legal appeals reveals the political factors

at play as different institutions and actors seek to influence judicial decision making and overturn uphold official asylum policy The final chapter draws on the author s ethnographic findings of the UK s asylum field to re examine research on the Refugee Determination System in the US Canada and Australia which has narrowly focused on judicial decision making It argues that analysis of Refugee Determination Systems must be situated and studied as part of a wider political semi autonomous asylum field which needs to be better understood Providing an in depth ethnographic study of a national asylum system and of immigration law and practice the book will be an invaluable resource for academics researchers and policy makers in the UK and beyond working in this highly topical area
