Tourism Globalization And Development Responsible Tourism Planning:

Tourism, Globalization and Development Donald G. Reid, 2003-07-20 Tourism is booming world wide it makes up a massive part of the global economy Donald G Reid s book focuses on tourism in developing and less developed countries He examines its social and environmental impact and offers a timely critical analysis of the part it plays in globalisation Many of the world s poorest countries rely on the tourist trade for the major part of their income However all too often the local communities involved do not reap the benefits of this trade Developers often exclude local communities from the initial planning and decision making process viewing them either as a benign resource to be exploited or as an impediment This is a rigorous critique of corporate led tourism development which lays out alternatives for planning and control to the local communities It argues that only in this way can the vastly differing requirements of each community be addressed and social and environmental issues can be dealt with properly The book includes a discussion of macro planning theory and offers three case studies of locally controlled projects that show clearly how communities developing a tourist trade can benefit

Pro-poor Tourism Colin Michael Hall, 2007 Pro poor tourism is currently receiving enormous attention from the World Tourism Organization government industry and NGOs Through a series of cases and reviews this book provides one of the first assessments of the effectiveness of pro poor tourism as a development strategy and tackles the issue of who benefits from tourism s potential role in poverty reduction

Tourism, Planning, and Community Development Rhonda Phillips, Sherma Roberts, 2013-09-13 The intersection of community development tourism and planning is a fascinating one Tourism has long been used as a development strategy in both developed and developing countries from the national to local levels These approaches have typically focused on economic dimensions with decisions about tourism investments policies and venues driven by these economic considerations More recently the conversation has shifted to include other aspects social and environmental to better reflect sustainable development concepts Perhaps most importantly is the richer focus on the inclusion of stakeholders An inclusionary participatory approach is an essential ingredient of community development and this brings both fields even closer together It reflects an approach aimed at building on strengths in communities and fostering social capacity and capital In this book the dimensions of the role tourism plays in community development are explored A panoply of perspectives are presented tackling such questions as can tourism heal How can tourism development serve as a catalyst to overcome social injustices and cultural divides This book was originally published as a special issue of Community Development

Trust, Tourism Development and Planning Robin Nunkoo, Stephen L.J. Smith, 2014-08-07 The dynamics of trust and distrust are central to understanding modern society social relations and development processes However numerous studies suggest that societal trust and citizen s trust in government and its institutions are on the decline challenging the legitimacy of government and leading to an undemocratic and unsustainable form of development Recognizing its importance the authors for the first time situate trust within the context of tourism development and

planning This volume discusses trust in tourism from different yet intrinsically connected perspectives Chapters review how diminishing societal trust may have adversely affected tourism planning systems the role of trust in good tourism governance and sustainable tourism how trust can be used as a facilitator of participatory tourism planning political trust in tourism institutions power and how tourism development can be a basis for trust creation among society members by using social capital theory In addition a final section on Researching Trust in Tourism Development means that readers are not only provided a thorough theoretical framework on trust and an understanding of its importance for sustainable tourism and good governance of the sector but also methodological aspects of research on trust in the context of tourism development and planning This significant volume is valuable reading for students academics and researchers interested in tourism development and planning

Tourism Development P. Burns, Marina Novelli, 2008 A collection of essays from scholars evaluating tourism as a means of simulating economic growth and fighting economic inequalities in poor countries It takes a look at the successes and failures of tourism in this role and considers why tourism as a catalyst for economic development can be a controversial device

Tourism Governance Bill Bramwell, Bernard Lane, 2013-12-16 The role of governance has only recently begun to be researched and discussed in order to better understand tourism policy making and planning and tourism development Governance encompasses the many ways in which societies and industries are governed given permission or assistance or steered by government and numerous other actors including the private sector NGOs and communities This book explains and evaluates critical perspectives on the governance of tourism examining these in the context of tourism and sustainable development Governance processes fundamentally affect whether and how progress is made toward securing the economic socio cultural and environmental goals of sustainable development The critical perspectives on tourism governance examined here challenge and re conceptualise established ideas in tourism policy and planning as well as engage with theoretical frameworks from other social science fields The contributors assess theoretical frameworks that help explain the governance of tourism and sustainability They also explore tourism governance at national regional and local scales and the relations between them They assess issues of power and politics in policy making and planning and they consider changing governance relationships over time and the associated potential for social learning The collection brings insights from leading researchers and examines important new theoretical frameworks for tourism research This book was originally published as a special issue of Journal of Sustainable Tourism

Sustainable Tourism, Part A

Tourism and the Millennium Development Goals Jarkko Saarinen, Christian M. Rogerson, Haretsebe Manwa, 2013-10-31 In 2000 United Nations adopted the Millennium Development Goals UN MDGs committing the member nations to a new global

partnership to reduce extreme poverty and setting out a series of specific targets with a deadline of 2015 Related to the UN MDGs tourism is increasingly seen as a promising tool for poverty reduction ensuring environmental sustainability and developing a global partnership for development for example Thus the industry has become an important policy tool for community and regional development in many developing countries and the expectations for tourism and its social and economic outcomes have evolved to a high level However there are still many challenges to overcome in the relationship between tourism industry development and poverty reduction This book aims to discuss the promises challenges and outcomes of tourism in development with a specific aim of drawing together research related to tourism and UN MDGs The papers discuss what lessons can be learnt and conclusions drawn from the utilisation of tourism for development and poverty reduction What emerges from this collection is a set of interesting results and notions which both support and challenge the connections between tourism and development and the new role of tourism in global development This book is an extended version of a special issue published in Current Issues in Tourism

Polar Tourism Alain A. Grenier,Dieter K. Müller,2012-10-01T00:00:00-04:00 The creation of the Nunavik is a major step forward both for the Province of Quebec and its Inuit population Not only does it underline the recognition of the

Inuit people and their identity but it also stresses the importance of discussing some fundamental issues regarding the emancipation of the Inuit their empowerment the development and management of the northern resources of Quebec and the protection and conservation of the fragile Nordic ecosystems Rich in culture and scenery Nunavik has identified tourism as one of the main and best suited avenue for economic development But before Nunavik can truly enjoy the benefits of a well established tourism industry many challenges need to be met The development of tourism in a new destination is not only challenging but it requires human efforts political and economic will over a large amount of time without much guaranties as to what will work or not It is in this context that in August 2008 the members of the newly created International Polar Tourism Research Network IPTRN came to Kangiqsujjuak Nunavik to discuss how tourism can play a role in regional development The collection of articles presented here is the result of the coming together of a group of polar tourism researchers from around the world who met in Nunavik the northernmost part of Quebec to discuss polar tourism as a tool for regional development Such a book does not claim to address all issues facing the polar destinations It is nevertheless a base for reflection Many of the new emerging regions of the circumpolar world like the Nunavik are experimenting with new powers and responsibilities For scientists this is an excellent time to assist with the experiences that have been well documented from other Northern Arctic and polar regions For tourism this book is meant to offer a range of perspectives on how challenges can be met and how solutions can be implemented for the benefit of all local interests Handbook of Tourism and Quality-of-Life Research Muzaffer Uysal, Richard Perdue, M. Joseph Sirgy, 2012-01-07 Quality of life QOL research in tourism has gained much momentum over the last two decades Academics working in this area research issues related to tourists and host communities Practitioners are becoming increasingly interested in understanding the science that allows them to develop better marketing and managerial programs designed to enhance the quality of life of tourists Tourism bureaus and government agencies are increasingly interested in issues of sustainable tourism specifically in understanding and measuring the impact of tourism on the quality of life of the residents of the host communities This handbook covers all relevant topics and is divided into two parts research relating to travelers tourists and research relating to the residents of host communities It is the only state of the art reference book in its field and will prove invaluable to academics interested in QOL research as well as tourism practitioners interested in applying the science of QOL in the tourism industry Cross-cultural Behaviour in Tourism Yvette Reisinger, Lindsay W. Turner, 2003 Reisinger and Turner illustrate the importance of cultural background in the tourist experience in this in depth study The authors cover the concepts definitions and measures of these cultural components and the tools used to analyse them *Tourism in Emerging Economies* Wei-Ta Fang, 2020-01-03 This book bridges the gap between the vital issues of the tourism industry practices and destinations discussing various topics from Asian and African perspectives Each chapter presents extensive research on tourism development and tourism education people s work and travel experiences as well as broader philosophies concerning

the global tourism industry's practices and operations In the context of Sustainable Development Goals SDGs 8 12 and 14 the book highlights the potential of tourism to contribute to economic growth social inclusion and environmental preservation It discusses crucial issues confronting the travel and tourism industry presenting achievable outlines and strategy plans and evaluating general theories practices and applications of social economic and environmental aspects of management structure to maximize the cultural social and ecological diversity of destinations and enhance the tourism experience Providing a comprehensive guide to tourism and its related disciplines it offers students professors entrepreneurs and travel and tourism organizations insights into the trends practices Further it features case studies ranging from historical and contemporary tourism to forecasts for future tourism

Sustainability Planning and Collaboration in Rural Canada

Lars K. Hallström, Mary A. Beckie, Glen Hvenegaard, Karsten Mündel, 2016-05-16 Rural communities often the first indicators of economic downturns play an important role in planning for development and sustainability Increasingly these communities are compelled to reimagine the paths that lead not only to economic success but also to the cultural social environmental and institutional pillars of sustainability As the contributors to this volume demonstrate there are many examples of such innovation and creativity and many communities that seek out new ways to build the collaboration capacity and autonomy necessary to survive and flourish Contributors Don Alexander Kirstine Baccar Michael Barr Mary A Beckie Moira J Calder Meredith Carter Yolande E Chan Sean Connelly Jon Corbett Anthony Davis Jeff A Dixon David J A Douglas Roger Epp Kelly Green Lars K Hallström Greg Halseth Casey Hamilton Karen Houle Glen T Hvenegaard Melanie Irvine Bernie Jones Robert Keenan Rhonda Koster Ryan Lane Sean Markey Shelly McMann L Jane McMillan Morgan E Moffitt Karen Morrison Karsten Mündel Craig Pollett Kerry Prosper Mark Roseland Laura Ryser Claire Sanders Jennifer Sumner Kelly Vodden Marc von der Gonna Shayne Wright

Sustainable Tourism Carl I Cater, Brian Garrod, Tiffany Low, 2015-10-01 Tourism is the world's fastest growing industry and impacts globally upon ecology economies peoples cultures and the built environment Development therefore must be sustainable and sympathetic in order to preserve the environment and culture it exploits Despite sustainable tourism being an area of considerable recent interest there has been no synthesis of the diverse considerations of sustainable tourism and the language and terms particular to this subject An important resource for researchers of tourism this reference work defines and explains terms associated with considering and preserving the environment host peoples communities cultures customs lifestyles and social and economic systems

Tourism and Development in the Developing World David J.

Telfer, Richard Sharpley, 2015-12-14 Tourism is widely considered to be an important factor in socio economic development particularly in less developed countries However despite almost universal recognition of tourism's development potential the extent to which economic and social progress is linked to the growth of a country's tourism sector remains the subject of intense debate Tourism and Development in the Developing World offers a thorough overview of the tourism development

relationship Focusing specifically on the less developed world and drawing on contemporary case studies this updated second edition questions widely held assumptions on the role of tourism in development and seeks to highlight the challenges faced by destinations seeking to achieve development through tourism The introductory chapter establishes the foundation for the book exploring the meaning and objectives of development reviewing theoretical perspectives on the developmental process and assessing the reasons why less developed countries are attracted to tourism as a development option The concept of sustainable development as the most widely adopted contemporary model of development is then introduced and its links with tourism critically assessed Subsequent chapters explore the key issues associated with tourism and development including the rise of globalization the tourism planning and development process the relationship between tourism and communities within which it is developed the management implications of trends in the demand for and uptake of tourism and an analysis of the consequences of tourism development for destination environments economies and societies A new chapter considers the challenges of climate change sustainability of resource supply oil water and food global economic instability political instability and changing demographics Finally the issues raised throughout the book are drawn together in a concluding chapter that assesses the tourism and development dilemma Combining an overview of essential concepts theories and knowledge with an analysis of contemporary issues and debates in tourism and development this new edition will be an invaluable resource for those investigating tourism issues in developing countries The book will be of interest to students of tourism development geography and area studies international relations and politics and sociology
