not be the main economic driver with the twin goals of diversification and creating an increased number of private sector jobs at the top of the government's current agenda. Indeed, in recent years, the non-OPEC oil exporter's economy has been undergoing a steady transformation reorienting from oil toward a more diverse set of service and industry-based economic activities. So far, progress has been promising. In 2011, oil and gas accounted for 38.8% of GDP. With the continuation of higher than expected energy prices in 2012, the government has increased economic investments accordingly. These investments, which include infrastructure, social programmes, and small business development, are aimed toward better preparing the country for its post-fossil fuel future.

Craft Beverages and Tourism, Volume 1 Carol Kline, Susan L. Slocum, Christina T. Cavaliere, 2017-04-08. This two-volume set examines the strong connection between craft beverages and tourism, presenting cutting-edge research in partnership with breweries, distilleries, and cideries. While wine, food, and culinary tourism have traditionally dominated destination markets, interest in craft beverages has gained momentum across the US and overseas, with local markets quickly recognizing the growing craft beverage movement. Through the eyes of tourism scholars, brewers, and travelers, these two volumes explore the landscape of craft beer opportunities in non-traditional settings and recognize the potential for future economic, socio-cultural, and environmental sustainability. **Craft Beverages and Tourism, Volume 1: The Rise of Breweries and Distilleries in the United States** is an inclusive and overarching examination of the US craft beverage phenomenon within a larger context of international beverage tourism. It outlines the current practice and research scope of craft beer, cider, and spirits, as well as the sustainable development of destinations revolving around craft beverage. Through literature reviews, case studies, and general exploration, this volume advances marketing, hospitality, and leisure studies research for academics, industry experts, and emerging entrepreneurs.

The Fires of Spring Shelly Culbertson, 2016-04-19. Turkey, Iraq, Qatar, Jordan, Egypt, and Tunisia: The Arab Spring all started when a young Tunisian fruit seller set himself on fire in protest of a government official confiscating his apples and slapping his face. The aftermath of that one personal protest grew to become the Middle East movement known as the Arab Spring, a wave of disparate events that included protests, revolutions, hopeful reform movements, and bloody civil wars. *The Fires of Spring* is the first book to bring the post-Arab Spring world to light in a holistic context. A narrative of author Shelly Culbertson's journey through six countries of the Middle East, *The Fires of Spring* tells the story by weaving together a sense of place, insight about issues of our time, interviews with leaders, history, and personal stories. Culbertson navigates the nuances of street life and peers into ministries, mosques, and women's worlds. She delves into what Arab Spring optimism was about and, at the same time, sheds light on the pain and dysfunction that continues to plague parts of the region. *The Fires of Spring* blends reportage, travel memoir, and analysis in this complex and multifaceted portrait.

Factory Man Beth Macy,2014-07-15 The instant New York

Times bestseller about one man's battle to save hundreds of jobs by demonstrating the greatness of American business. The Bassett Furniture Company was once the world's biggest wood furniture manufacturer. Run by the same powerful Virginia family for generations, it was also the center of life in Bassett, Virginia. But beginning in the 1980s, the first waves of Asian competition hit, and ultimately Bassett was forced to send its production overseas. One man fought back: John Bassett III, a shrewd and determined third-generation factory man, now chairman of Vaughan Bassett Furniture Co., which employs more than 700 Virginians and has sales of more than \$90 million. In *Factory Man*, Beth Macy brings to life Bassett's deeply personal furniture and family story along with a host of characters from an industry that was as cutthroat as it was colorful. As she shows how he uses legal maneuvers, factory efficiencies, and sheer grit and cunning to save hundreds of jobs, she also reveals the truth about modern industry in America.
