East Asia's Strategic Advantage in the Middle East Shirzad Azad, 2021-05-07 The modern trajectory of Middle Eastern East Asian interactions has garnered very little scholarly attention and scrutiny The two way connection between both regions have witnessed a litany of activities and developments over the past several decades but such dynamics are yet to be investigated sufficiently in tandem with their overall impacts on the world's safety and well being Aiming to fill part of this acute research gap *East Asia's Strategic Advantage in the Middle East* concentrates primarily on different aspects of East Asia's modern relationship with the Middle East by turning the spotlight on strategic advantages of East Asian countries in critical areas in the region Over the past several years there have been a slew of talks and debates about the formation of strategic ties between the East Asian states and their counterparts across the Middle East region However East Asia's advantage of strategic nature has been there for decades shaping the contours of an increasingly multifaceted chain of interactions involving the two sides The more other stakeholders Western powers in particular made serious attempts to secure their precious assets in the Middle East the larger East Asia's strategic advantage in the region grew

Women at the Wheel Katherine J. Parkin, 2017-09-05 Ever since the Ford Model T became a vehicle for the masses the automobile has served as a symbol of masculinity The freedom of the open road the muscle car's horsepower the technical know how for tinkering all of these experiences have largely been understood from the perspective of the male driver Women in contrast were relegated to the passenger seat and have been the target of stereotypes that portray them as uninterested in automobiles and more perniciously as poor drivers In *Women at the Wheel* Katherine J. Parkin illuminates the social implications of these stereotypes and shows how they have little basis in historical reality With chapters on early driver's education and licensing programs and on buying driving and caring for cars she describes a rich cast of characters from Mary Landon the first woman ever to drive in 1899 to Dorothy Levitt author of the first automotive handbook for women in 1909 to Margie Seals who opened her garage *My Favorite Mechanic Is a Woman* in 1992 Although women drove and had responsibility for their family's car maintenance twentieth century popular

culture was replete with humorous comments and judgmental critiques that effectively denied women pride in their driving abilities and car related expertise Parkin contends that despite women's long history with cars these stereotypes persist

Women and Gender in International History Karen Garner, 2018-06-28 Most governments and global political organizations have been dominated by male leaders and structures that institutionalize male privilege As Women and Gender in International History reveals however women have participated in and influenced the traditional concerns of international history even as they have expanded those concerns in new directions Karen Garner provides a timely synthesis of key scholarship and establishes the influential roles that women and gender power relations have wielded in determining the course of international history From the early 20th century onward women have participated in state to state relations and decisions about when to pursue diplomacy or when to go to war to settle international conflicts Particular women as well as masculine and feminine gender role constructs have also influenced the establishment and evolution of intergovernmental organizations and their political social and economic policy making regimes and agencies Additionally feminists have critiqued male dominated diplomatic establishment and intergovernmental organizations and have proposed alternative theories and practices This text integrates women and gender and feminist analyses into the study of international history in order to produce a broader understanding of processes of international change during the 20th and 21st centuries

Land, Power, and the Sacred Janet R. Goodwin,Joan R. Piggott,2018-07-31 Landed estates sh en produced much of the material wealth supporting all levels of late classical and medieval Japanese society During the tenth through sixteenth centuries estates served as sites of de facto government trade network nodes developing agricultural technology and centers of religious practice and ritual Although mostly farmland many yielded nonagricultural products including lumber salt fish and silk and provided livelihoods for craftsmen seafarers peddlers and performers as well as for cultivators By the twelfth century an estate system permeated much of the Japanese archipelago This volume examines the system from three perspectives the land itself the power derived from and exerted over the land and the religion institutions and individuals that were involved in landholding practices Chapters by Japanese and Western scholars explore how the estate system arose developed and eventually collapsed Several investigate a single estate or focus on agricultural techniques while others survey estates in broad contexts such as economic change and maritime trade Other chapters look at how we learn about estates by inspecting documents landscape features archaeological remains and extant buildings and images how representatives of every social stratum worked together to make the land productive and conversely how cooperative arrangements failed and rivals battled one another making conflict as well as collaboration a hallmark of the system On a more personal level we follow the monk Ch gen s restoration of be Estate and his installation of a famous Amida triad in a temple he built on the premises the strategies of royal ladies J saimon in Hachij in and K kamon in as they strove to keep their landholdings viable and the murder of estate official Gor zaemon whose own neighbors killed him as a result of a much larger dispute between two powerful warrior families Land Power and the Sacred represents a significant expansion and revision of our knowledge of medieval Japanese estates A range of readers will welcome the primary source research and comparative perspectives it offers those who do not specialize in Japanese medieval history but recognize the value of teaching the history of estates will find a chapter devoted to the topic invaluable Contributors and translators Kristina Buhrma Michelle Damian David Eason Sakurai Eiji translated by Ethan Segal Philip Garrett Janet R Goodwin Yoshiko Kainuma Rieko Kamei Dyche Sachiko Kawai Hirota K ji translated by Janet R Goodwin yama Ky hei translated by Janet R Goodwin Nagamura Makoto translated by Janet R Goodwin End Motoo translated by Janet R Goodwin Joan R Piggott Ethan
