Bowman,2019-10-31

The World Cup as World History uses football s premier event to analyze modern sports and world history William D Bowman traces the history of a tournament that has become a global phenomenon that generates intense political economic and cultural interest and profound discussions about racial ethnic and gender identity in the contemporary era By focusing on the World Cup the book keeps a tight thematic focus that allows for an integrated discussion of the core issues of globalization money and finance sport as spectacle race and gender and contemporary politics *Study Guide for World History I* United States Armed Forces Institute,1956

Jane Austen and the Victorian Heroine Cheryl A. Wilson,2017-09-05 This book uses the figure of the Victorian heroine as a lens through which to examine Jane Austen s presence in Victorian critical and popular writings Aimed at Victorianist readers and scholars the book focuses on the ways in which Austen was constructed in fiction criticism and biography over the course of the nineteenth century For the Victorians Austen became a kind of cultural shorthand representing a distant yet not too distant historical past that the Victorians both drew on and defined themselves against with regard to such topics as gender literature and national identity Austen influenced the development of the Victorian literary heroine and when cast as a heroine herself was deployed in debates about the responsibilities of the novelist and the ability of fiction to shape social and cultural norms Thus the study is as much if not more about the Victorians than it is about Jane Austen

Human Geography Mark Boyle,2021-04-12 Revised Extended and Extensively Updated Text Uses Historical Geographical and Thematic Approach to Provide Undergraduates with a Firm Foundation in Human Geography Drawing on nearly three decades of instructional experience and a wealth of testing pedagogical innovations with students Mark Boyle has revised and expanded this authoritative and comprehensive introduction to Human Geography As with the First Edition Boyle follows the premise that history makes geography whilst geography makes history and that the key to studying the principal demographic social political economic cultural and environmental processes in any region in the world today is to look at how that region has been impacted by and in turn has impacted the story of the rise reign and decline of the West Moreover he argues that Human Geography itself is best understood as both an intellectual endeavour and a historical political and institutional project Informed by recent developments in post colonial scholarship the book covers key concepts seminal thinkers and influential texts in the field Although designed for the beginner student Boyle does not shy away from ideas and debates often avoided in introductory texts clearly communicating theory without condescension In addition he places human geography in its larger academic context discussing the influences on the field from related subjects Notable features in the Second Edition include Extensive revision and updating of coverage of key

ideas developments debates and case studies New chapter on uneven geographical development at different scales and development theory and practice Dedicated coverage of Covid 19s geographies New learning resources figures tables plates maps Deep Dive boxes etc throughout the text plus learning objectives essay questions checklists summarizing key ideas and guidance for further reading Updated and expanded companion website with MP4 and MP3 chapter by chapter lectures and PowerPoint slides for each chapter new multiple choice exam paper and additional essay style exam questions and a wide range of student tutorial exercises Human Geography An Essential Introduction Second Edition is an excellent foundational text for undergraduate courses in human geography globalization Western civilization historiographies of intellectual thought the grand public problems confronting humanity in the twenty first century and other wider social science courses
