SCHOOLS**

**AP English Language & Composition**

**Course Codes: A90 & A91**

**Year at a Glance 2022-2023**

*AP English Language and Composition course focuses on the development and revision of evidence-based analytic and argumentative writing, the rhetorical analysis of nonfiction texts, and the decisions writers make as they compose and revise. Students evaluate, synthesize, and cite research to support their arguments. Additionally, they read and analyze rhetorical elements and their effects in nonfiction texts—including images as forms of text—from a range of disciplines and historical periods.*

**RECOMMENDED PREREQUISITES**

*There are no prerequisite courses for AP English Language and Composition. Students should be able to read and comprehend college-level texts and write grammatically correct, complete sentences.*

The course skills are organized into nine units that scaffold student development of the analysis and composition skills required for college credit. For each unit, the teacher selects a theme or topic and then chooses texts, typically short nonfiction pieces, that enable students to practice and develop the reading and writing skills for that unit.

Each unit culminates in a Personal Progress Check, made up of 1) a free-response question and scoring rubric for the teacher to administer in class or online and 2) online multiple-choice questions that provide each student with personalized feedback and the teacher with a class summary of skills.

The following big ideas serve as the foundation of the course, enabling students to create meaningful connections among concepts. Each big idea correlates with an enduring understanding, a long-term takeaway related to the big idea:

- **Rhetorical Situation:** Individuals write within a particular situation and make strategic writing choices based on that situation.
- **Claims and Evidence:** Writers make claims about subjects, rely on evidence that supports the reasoning that justifies the claim, and often acknowledge or respond to other, possibly opposing, arguments.
- **Reasoning and Organization:** Writers guide understanding of a text's lines of reasoning and claims through that text's organization and integration of evidence.
- **Style:** The rhetorical situation informs the strategic stylistic choices that writers make.

**Course Skills**

The following skill categories, tied to the big ideas, describe what skills students should develop during the course:

- **Rhetorical Situation – Reading:** Explain how writers' choices reflect the components of the rhetorical situation.
- **Rhetorical Situation – Writing:** Make strategic choices in a text to address a rhetorical situation.
- **Claims and Evidence – Reading:** Identify and describe the claims and evidence of an argument.
- **Claims and Evidence – Writing:** Analyze and select evidence to develop and refine a claim.
- **Reasoning and Organization – Reading:** Describe the reasoning, organization, and development of an argument.
- **Reasoning and Organization – Writing:** Use organization and commentary to illuminate the line of reasoning in an argument.
- **Style – Reading:** Explain how writers' stylistic choices contribute to the purpose of an argument.
