World War II A Very Short Introduction Very Short Introductions:

World War II: A Very Short Introduction Gerhard L. Weinberg, 2014-11-13 The enormous loss of life and physical destruction caused by the First World War led people to hope that there would never be another such catastrophe. How then did it come about that there was a Second World War causing twice the 30 million deaths and many times more destruction as had been caused in the previous conflict? In this Very Short Introduction Gerhard L. Weinberg provides an introduction to the origins, course and impact of the war on those who fought and the ordinary citizens who lived through it. Starting by looking at the inter-war years and the German invasion of Poland in September 1939, he examines how the war progressed by examining a number of key events including the war in the West in 1940, Barbarossa, the German invasion of the Soviet Union, the expansion of Japan's war with China, developments on the home front and the Allied victory from 1944-45. Exploring the costs and effects of the war, Weinberg concludes by considering the long-lasting mark World War II has left on society today.

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

World War II Gerhard L. Weinberg, 2014

Nationalism: A Very Short Introduction Steven Elliott Grosby, 2005-09-08 Throughout history, humanity has borne witness to the political and moral challenges that arise when people place national identity above allegiance to geopolitical states or international communities. This book discusses the concept of nations and nationalism from social, philosophical, geological, theological, and anthropological perspectives. It examines the subject through conflicts past and present, including recent conflicts in the Balkans and the Middle East, rather than exclusively focusing on theory. Above all, this fascinating and comprehensive work clearly shows how feelings of nationalism are an inescapable part of being human.

The United Nations: A Very Short Introduction Jussi M. Hanhimäki, 2015-05-05 After seven decades of existence, has the UN become obsolete? Is it ripe for retirement? As Jussi Hanhimäki proves in the second edition of this Very Short Introduction, the answer is no. In the second decade of the twenty-first century, the UN remains an indispensable organization that continues to save lives and improve the world as its founders hoped. Since its original publication in 2008, this 2nd edition includes more recent examples of the UN Security Council in action and peacekeeping efforts while exploring its most recent successes and failures. After a brief history of the United Nations and its predecessor, the League of Nations, Hanhimäki examines the UN's successes and failures as a guardian of international peace and security, as a promoter of human rights, as a protector of international law, and as an engine of socioeconomic development. This updated edition highlights what continues to make the UN a complicated organization today and the ongoing challenges between its ambitions and capabilities. Hanhimäki also provides a clear account of the UN and its various arms and organizations such as UNESCO and UNICEF and offers a critical overview of the UN Security Council's

involvement in recent crises in Iran Afghanistan Iraq Ukraine Libya and Syria and how likely it is to meet its overall goals in the future Regardless of its obstacles the UN is likely to survive for the foreseeable future That alone makes trying to understand the UN in all its manifold magnificent and frustrating complexity a worthy task With this much needed updated introduction to the UN Jussi Hanhimäki engages the current debate over the organizations effectiveness as he provides a clear understanding of how it was originally conceived how it has come to its present form and how it must confront new challenges in a rapidly changing world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

World Music: A Very Short Introduction Philip V. Bohlman, 2002-05-30 World music emerged as an invention of the West from encounters with other cultures This book draws readers into a remarkable range of these historical encounters in which music had the power to evoke the exotic and to give voice to the voiceless In the course of the volume's eight chapters the reader witnesses music's involvement in the modern world but also the individual moments and particular histories that are crucial to an understanding of music's diversity World Music is wide ranging in its geographical scope yet individual chapters provide in depth treatments of selected music cultures and regional music histories The book frequently zooms in on repertoires and musicians such as Bob Marley Bartók and Nusrat Fateh Ali Khan and attempts to account for world music's growing presence and popularity at the beginning of the twenty first century ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Communism: A Very Short Introduction Leslie Holmes, 2009-08-27 The collapse of communism was one of the most defining moments of the twentieth century This Very Short Introduction examines the history behind the political economic and social structures of communism as an ideology

Nuclear Weapons: A Very Short Introduction Joseph M. Siracusa, 2015-04-23 Despite not having been used in anger since Hiroshima and Nagasaki the atomic bomb is still the biggest threat that faces us in the 21st century As Bill Clinton's first secretary of defence Les Aspin aptly put it The Cold War is over the Soviet Union is no more But the post Cold War world is decidedly not post nuclear For all the effort to reduce nuclear stockpiles to zero it seems that the bomb is here to stay This Very Short Introduction reveals why The history and politics of the bomb are explained from the technology of nuclear weapons to the revolutionary implications of the H bomb and the politics of nuclear deterrence The issues are set against a backdrop of the changing international landscape from the early days of development through the Cold War In this new edition Joseph M Siracusa includes a new concluding chapter moving away from the emphasis of nuclear weapons in the age of terrorism to the significant lessons to be learnt from the

history of the nuclear weapons era Siracusa shows that because 21st century nuclear proliferation has deep roots in the past an understanding of the lessons of this nuclear history is paramount for future global policies to be successful

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Clausewitz: A Very Short Introduction Michael Howard, 2002-02-21 Karl von Clausewitz 1780 1831 is considered by many to have been one of the greatest writers on war His study *On War* was described by the American strategic thinker Bernard Brodie as not simply the greatest but the only great book about war Michael Howard one of Britain's leading military historians explains Clausewitz's ideas in terms both of Clausewitz's experiences as a professional soldier in the Napoleonic Wars and of the intellectual background of his time

Modern Japan: A Very Short Introduction Christopher Goto-Jones, 2009-04-23 Japan is arguably today's most successful industrial economy combining almost unprecedented affluence with social stability and apparent harmony Japanese goods and cultural products are consumed all over the world ranging from animated movies and computer games all the way through to cars semiconductors and management techniques In many ways Japan is an icon of the modern world and yet it remains something of an enigma to many who see it as a confusing montage of the alien and the familiar the ancient and modern The aim of this Very Short Introduction is to explode the myths and explore the reality of modern Japan by taking a concise look at its history economy politics and culture

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Inter-war years ;The Second World War begins ;War in the West 1940 ;Barbarossa: the German invasion of the Soviet Union ;Japan expands its war with China ;The turning tide: fall 1942-spring 1944 ;Developments on the home front and in technical and medical fields ;Allied victory 1944-45 ;Further reading ;Index Gerhard L. Weinberg, 2014 In this Very Short Introduction the eminent scholar Gerhard L. Weinberg explores one of the most important events in history Examining the origins course and impact of the World War II through both the soldiers and the ordinary citizens who lived through it he considers the long lasting impact it continues to have around the world

The History of Cinema: A Very Short Introduction Geoffrey Nowell-Smith, 2017-11-16 Cinema was the first and is arguably still the greatest of the industrialized art forms that came to dominate the cultural life of the twentieth century Today it continues to adapt and grow as new technologies and viewing platforms become available and remains an integral cultural and aesthetic entertainment experience for people the world over Cinema developed against the backdrop of the two world wars and over the years has seen smaller wars revolutions and profound social changes Its history reflects this changing landscape and more than any other art form developments in technology In this Very Short

Introduction Nowell Smith looks at the defining moments of the industry from silent to sound black and white to colour and considers its genres from intellectual art house to mass market entertainment ABOUT THE SERIES The Very Short Introduction series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Medical Law: A Very Short Introduction Charles Foster, 2013-02-28 Medicine evolves fast and medical law tries to keep up It deals with some of the most fascinating fundamental and difficult questions about the human body and mind Charles Foster surveys the principles governing medical law

Ethnomusicology: A Very Short Introduction Timothy Rice, 2014 Ethnomusicology an academic discipline founded in 1950 has been defined as the study of the music of others This definition at once whimsical and very nearly true is incomplete Many of its strongest threads have emerged because a person or a people have wanted to understand themselves their history and their identity

The Spanish Civil War: A Very Short Introduction Helen Graham, 2005-03-24 Helen Graham highlights the domestic and international context of the Spanish Civil War and reveals its origins in the political and cultural anxieties provoked by the rapid modernization of Europe Using personal narratives she combines a powerfully human account of the war and its aftermath with a disturbing ethical enquiry into its legacy for the 21st century

BOOK JACKET

Contemporary Art: A Very Short Introduction Julian Stallabrass, 2020-12-10 Contemporary art has never been so popular but the art world is changing In a landscape of increasing globalization there is growing interest in questions over the nature of contemporary art today and the identity of who is controlling its future In the midst of this contemporary art continues to be a realm of freedom where artists shock break taboos flout generally received ideas and switch between confronting viewers with works of great emotional profundity and jaw dropping triviality In this Very Short Introduction Julian Stallabrass gives a clear view on the diverse and rapidly moving scene of contemporary art Exploring art's striking globalisation from the 1990s onwards he analyses how new regions and nations such as China have leapt into astonishing prominence over turning the old Euro American dominance on aesthetics Showing how contemporary art has drawn closer to fashion and the luxury goods market as artists have become accomplished marketers of their work Stallabrass discusses the reinvention of artists as brands This new edition also considers how once powerful art criticism has mutated into a critical and performative writing at which many artists excel Above all behind the insistent rhetoric of freedom and ambiguity in art Stallabrass explores how big business and the super rich have replaced the state as the primary movers of the contemporary art scene especially since the financial crisis and become a powerful new influence over the art world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Russell: A

Very Short Introduction A. C. Grayling, 2002-02-21 Bertrand Russell 1872 1970 is one of the most famous and important philosophers of the twentieth century In this account of his life and work A C Grayling introduces both his technical contributions to logic and philosophy and his wide ranging views on education politics war and sexual morality Russell is credited with being one of the prime movers of Analytic Philosophy and with having played a part in the revolution in social attitudes witnessed throughout the twentieth century world This introduction gives a clear survey of Russell s achievements across their whole range ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

History: A Very Short Introduction John Arnold, 2000-02-24 Starting with an examination of how historians work this Very Short Introduction aims to explore history in a general pithy and accessible manner rather than to delve into specific periods

Contemporary Fiction: A Very Short Introduction Robert Eaglestone, 2013-07-25 In this Very Short Introduction Robert Eaglestone provides a clear and engaging exploration of the major themes patterns and debates of contemporary fiction

Marx: A Very Short Introduction Peter Singer, 2000-10-12 Peter Singer identifies the central vision that unifies Marx s thought enabling us to grasp Marx s views as a whole He explains alienation historical materialism the economic theory of Capital and Marx s idea of communism in plain English and concludes with an assessment of Marx s legacy

The Orchestra: A Very Short Introduction D. Kern Holoman, 2012-08-13 In this Very Short Introduction D Kern Holoman considers the structure roots and day to day functioning of the modern philharmonic society He explores topics ranging from the life of a musician in a modern orchestra the recent wave of new hall construction from Berlin to Birmingham threats of bankruptcies and strikes and the eyebrow raising salaries of conductors and general managers At the heart of the book lies a troubling pair of questions Can such a seemingly anachronistic organization long survive Does the symphony matter in contemporary culture Holoman responds to both with a resounding yes He shows that the orchestra remains a potent political and social force a cultural diplomat par excellence It has adapted well to the digital revolution and it continues to be seen as an essential element of civic pride In a time of upheaval in how classical music is created heard distributed and evaluated the orchestra has managed to retain its historic role as a meeting place of intellectual currents an ongoing forum for public enlightenment

World War Ii A Very Short Introduction Very Short Introductions Introduction

In the digital age, access to information has become easier than ever before. The ability to download World War Ii A Very Short Introduction Very Short Introductions has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download World War Ii A Very Short Introduction Very Short Introductions has opened up a world of possibilities. Downloading World War Ii A Very Short Introduction Very Short Introductions provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading World War Ii A Very Short Introduction Very Short Introductions has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download World War Ii A Very Short Introduction Very Short Introductions. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading World War Ii A Very Short Introduction Very Short Introductions. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading World War Ii A Very Short Introduction Very Short Introductions, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download World War Ii A Very Short Introduction Very Short Introductions has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers.

worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
