

WWI Soldier's Equipment

Use this information sheet to make notes on the type of equipment that a soldier used in the trenches on the Western Front and also carried into battle with him during WWI. These notes will be useful for your trench letter.

When a British soldier went 'over the top' to attack the enemy he had to carry all of this equipment through the mud, barbed wires and crater holes made by mines. They had to make sure that they did not get shot at the same time.
