Cracking the AP World History Exam, 2010 Edition Princeton Review, 2009-08-04 Provides test taking strategies a subject review and two full length practice tests "Why Won't You Just Tell Us the Answer?" Bruce Lesh, 2023-10-10 Every major measure of students historical understanding since 1917 has demonstrated that students do not retain understand or enjoy their school experiences with history Bruce Lesh believes that this is due to the way we teach history lecture and memorization Over the last fifteen years Bruce has refined a method of teaching history that mirrors the process used by historians where students are taught to ask questions of evidence and develop historical explanations And now in his new book Why Won't You Just Tell Us the Answer he shows teachers how to successfully implement his methods in the classroom Students may think they want to be given the answer Yet when they are actively engaged in investigating the past the way professional historians do they find that history class is not about the boring memorization of names dates and facts Instead it is challenging fun Historical study that centers on a question where students gather a variety of historical sources and then develop and defend their answers to that question allows students to become actual historians immersed in an interpretive study of the past Each chapter focuses on a key concept in understanding history and then offers a sample unit on how the concept can be taught Readers will learn about the following Exploring Text Subtext and Context President Theodore Roosevelt and the Panama Canal Chronological Thinking and Causality The Rail Strike of 1877 Multiple Perspectives The Bonus March of 1932 Continuity and Change Over Time Custer's Last Stand Historical Significance The Civil Rights Movement Historical Empathy The Truman MacArthur Debate By the end of the book teachers will have learned how to teach history via a lens of interpretive questions and interrogative evidence that allows both student and teacher to develop evidence based answers to history's greatest questions **Handbook on Measurement, Assessment, and Evaluation in Higher Education** Charles Secolsky, D. Brian Denison, 2012-03-22 Increased demands for colleges and universities to engage in outcomes assessment for accountability purposes have accelerated the need to bridge the gap between higher education practice and the fields of measurement assessment and evaluation The Handbook on Measurement Assessment and Evaluation in Higher Education provides higher education administrators student affairs personnel institutional researchers who generate and analyze data and faculty with an integrated handbook of theory method and application This valuable resource brings together applied terminology analytical perspectives and methodological advances from the fields of measurement assessment and evaluation to facilitate informed decision making in higher education Special Features Contributing Authors are world renowned scholars across the fields of measurement assessment and evaluation including Robert E Stake Trudy W Banta Michael J Kolen Noreen M Webb Kurt Geisinger Robert J Mislevy Ronald K Hambleton Rebecca Zwick John Creswell and Margaret D LeCompte Depth of Coverage includes classroom assessment and student outcomes assessment techniques for accountability and accreditation test theory item response theory validity and reliability
