new nation she traces the interaction of these events and their diplomatic consequences for Europe Pond shows the political economic and social forces at work leading up to the unification during the transition process and in the aftermath Looking at the European framework she explains how significantly the European Community and its move toward integration both affected and were affected by German unification The book contains a wealth of new information from hundreds of interviews with top German and American policymakers East German Politburo members and average German citizens It also incorporates up to date research on such topics as the Stasi secret police and the midlife crisis of the German left Pond concludes with an assessment of the roles of the United States and a unified Germany in the new Europe Calling for a continued partnership between the United States and Germany who have come through a common baptism of fire since the fall of the Berlin Wall Pond casts an optimistic eye toward the future *Eddic, Skaldic, and Beyond* Martin

Chase,2014-06-02 *Eddic Skaldic and Beyond* shines light on traditional divisions of Old Norse Icelandic poetry and awakens the reader to work that blurs these boundaries Many of the texts and topics taken up in these enlightening essays have been difficult to categorize and have consequently been overlooked or undervalued The boundaries between genres Eddic and Skaldic periods Viking Age medieval early modern or cultures Icelandic Scandinavian English Continental may not have been as sharp in the eyes and ears of contemporary authors and audiences as they are in our own When questions of classification are allowed to fade into the background at least temporarily the poetry can be appreciated on its own terms Some of the essays in this collection present new material while others challenge long held assumptions They reflect the idea that poetry with medieval characteristics continued to be produced in Iceland well past the fifteenth century and even beyond the Protestant Reformation in Iceland 1550 This superb volume rich in up to date scholarship makes little known material accessible to a wide audience *Beyond Whispers: Secrets Unspoken in the Shadows of Time* Pasquale De
