**A Room of His Own** Daria S. Smirnova,2025-09-30 A Room of His Own Joseph Brodsky and the Making of a Bilingual Poet makes the original and persuasive claim that Brodsky s force as a transnational poet derives paradoxically from an inward looking stance that privileges the trope of the room and a practice of self translation that is faithful to his own internal poetics rather than the poetic norms of the target tradition The resulting bilingual poetics is one that though not universally accepted by English readers ultimately had a profound effect on the Anglo American literary tradition and anticipated certain foreignizing tendencies that have become central to translation studies and theories of transnationalism No less powerful than the book s thesis is the elegant analyses which encompass Brodsky s Russian poetry his translations from Russian to English and his English language essays **Book 4** Godfrey Hall,2004-02-21 This series is designed to meet the needs of Key Stages 1 and 2 Prepared in conjunction with the QCA Schemes of Work for Citizenship it also includes sections on personal social and health education **Social Semiotics of Arabic Satellite Television** Ali Darwish,2009 Arabic satellite television is a phenomenon that has swept the Arab world in less than two decades and is said to have dramatically changed the Arab region It has created a world of contrasts and contradictions between tradition and liberalism
