

The background of the slide is a painting of a woman with long, wavy blonde hair, wearing a long, flowing blue dress, lying on her back on the ground in a forest. She appears to be dead or unconscious. The forest is dense with green foliage and trees. The title 'Shakespeare The Winter's Tale' is overlaid on the painting. 'Shakespeare' is in yellow, and 'The Winter's Tale' is in white.

Tale Of A Winters Night English Edition:

Tales for a Winter's Night Arthur Conan Doyle, 2005-08-01 This work brings together eight Arthur Conan Doyle mystery classics When first gathered into one volume in 1908 the book was entitled *Round the Fire Stories* since the author recommended that they be read ideally round the fire upon a winter's night According to Barzun Taylor in *A Catalogue of Crime* As one reads *The Man with the Watches* *The Lost Special* *The Jew's Breastplate* *The Black Doctor* and the rest one marvels again at Doyle's natural gift of storytelling and one relishes his ingrained habit of giving clues even when they serve narrative and are not to be used for ratiocination These stories are worth reading even around a radiator *The*

Victorian Fairy Tales Michael Newton, 2015-03-12 The Victorian fascination with fairyland is reflected in the literature of the period which includes some of the most imaginative fairy tales ever written They offer the shortest path to the age's dreams desires and wishes Authors central to the nineteenth century canon such as Thackeray Oscar Wilde Ford Madox Ford and Rudyard Kipling wrote fairy tales and authors primarily famous for their work in the genre include George MacDonald Juliana Ewing Mary De Morgan and Andrew Lang This anthology brings together fourteen of the best stories by these and other outstanding practitioners to show the vibrancy and variety of the form and its ability to reflect our deepest concerns The stories in this selection range from pure whimsy and romance to witty satire and darker uncanny mystery Paradox proves central to a form offered equally to children and adults Fairyland is a dynamic and beguiling place one that permits the most striking explorations of gender suffering love family and the travails of identity Michael Newton's introduction and notes explore the literary marketplace in which these tales appeared as well as the role they played in contemporary debates on scepticism and belief The book also includes a selection of original illustrations by some of the masters of the field such as Richard Doyle Arthur Hughes and Walter Crane Popular Tales of the West Highlands Orally Collected John Francis Campbell, 1890 Catalogue of the Printed Books in the Library of the British Museum British Library, 1901 The Literary World, 1851 *Semiotics of Re-reading* Anthony Julian Tamburri, 2003 This study examines the necessity of reading retrospectively In this manner the reader who comes along after the composition of an author's opus may better understand the author's earlier works after reading a later one In contrast to a reader contemporary to the text who does not have the opportunity of hind sight this special reader recto lector draws on information gathered from a later text in order to understand a previously composed text For example the relationship between Aldo Palazzeschi's *riflessi* 1908 and his later manifestoes 1914 1915 amply demonstrates the value and necessity of such a reading process this is especially true with regard to non canonical writers as is Palazzeschi The retro lector of *riflessi* therefore comes away with an interpretation both different and more complete than that which the contemporary reader would acquire after a strict canonical reading Along
